Attachments: EDG#4411 Canyon Cowboy - Canyon Lake.pdf

Good Afternoon Liliana,

We have a question regarding a Tenant Improvement for Canyon Cowboy restaurant in Canyon Lake – 31504 Railroad Canyon Drive. We have been attained as the Architect of Record for this project and we would like to get information on what has been previously been submitted to you, according to our client fees were paid back in June of 2016. Can you please advise how you were like for our office to submit for this tenant improvement, would you require a new submittal or would you consider this a resubmittal if so do any fees apply? Please see attached Architectural site plan for your review.

Valerie Salampessy ☺

Good Morning Jason,

The Corona Certified Farmers Market is officially in District 53! Gail is one of the market managers and she forwarded me the attached TFF Vendor List for Quarter 3. Please verify the vendors are operating in a prepackaged manner and verify the decaled carts. I spoke with Bo and she advised the shaved ice vendor under Veterans will not be allowed if it is open foods.

Thank you,

Hi Kim,

I have attached both application forms for the TFF vendors operating in conjunction with the Corona CFM (PR0049909), Murrieta CFM (PR0052866), Old Town Temecula CFM (PR0005488), Promenade Mall CFM (PR0007032), and Vail CFM (PR0070986). The vendor list for all except Vail CFM is also attached; the vendor list for Vail was given verbally over the phone from Linda Engle and will be emailed later today or tomorrow. I will give you a call to discuss and ensure we have everything we need so we can accept payment.

Thank you,

Jillian Van Stockum, REHS

Subject: Re: Request for records corrections.

It seems I sent you the wrong file, here is the correct file.

Sorry for the mistake.

As a DEH officer, whom is sworn to up hold the law, I ask you to please help me resolve the issues I have hereby proven true by revoking permit #1790 and disassociate my property 44100 Ginger Circle with permit #16245.

January 24, 2017,

I requested DEH provide me a copy of the well drilling permit issued for my property and a copy of those specific filed records Mr. Jeff Johnson had made reference of in a letter addressed to me.

Back to my original question per my initial request for information

What is the exact permit number within any and all County records and files showing my APN 571-040-002 as seen on the January 1970 County Assessor map 571-04 par2 Jeff Johnson referred to? My property is specifically identified and officially shown on the December 20, 1968 Mapped Record of Survey in Riverside Map Book 53 Page 40 parcel2 commonly known by postal address 44100 Ginger Circle whereas DEH staff Jeff Johnson claimed it was listed in 1990 DEH records and I want to see those records. See Exhibit A-2, it is Jeff Johnson's letter to me.

Statement of Facts

Our April 25, 2007, Grant Deed provides rights of authority in our names and proof of ownership to the 1968 Record of Survey 53/40 par 2 as is unquestionably seen on our grant deed, Exhibit 1. The Record of Survey 53/40, Exhibit 2, identifies the exact boundaries and whereabouts of our land parcel as legally and officially recorded December 20, 1968 per Record of Survey in County map Book 53 page 40 par2. The County of Riverside Tax Assessor's Office maintains maps related to parcel numbers and Exhibit 1 is identified and shown on January 1970 County Assessor's map #571-04 as parcel #2, Exhibit 3. A flyby satellite image identifies parcel 2 view from space using the County of Riverside, TLMA, showing APN's #571-040-002 whereas the common address is 44100 Ginger Circle, See Exhibit 4. Those Exhibits 1-4 remove any and all doubt related to my real property location that is herein question.

The following Exhibits are proof of truthful prongs related to my claims hereinafter,

These following facts so named herein are absolute and correct. Upon a full review of facts, clearly the DEH permit #16245 was wrongfully issued for use on that January 9, 1969 Record of Survey 53/47 par3 that was said to be owned by Weber Valley Heights Assn.

On February 17, 2017, I received a letter from DEH fulfilling my January 24, 2017 request for information as seen herein Exhibit A-1 and A-2. However, DEH had returned an application, Exhibit A-3, for a well drilling permit Exhibit A-4 that was not in any way related to my property. Information related to permit #16245 proves that specific permit was issued for use at 44134 Perryman Lane. Furthermore, Exhibit A-4 provides conclusive proof the permit was specifically issued for use on parcel 571-030-037 as identified on the January 1970 assessor's map 571-03 parcel 37 Exhibit A-6, AKA 44135 Perryman Lane as seen in Exhibit A-8. The January 9, 1969 sub-division Record of Survey is seen in Exhibit A-3 as lot 3 – RS 53/47. That exact singular property was legally recorded and identified within the County of Riverside Official Map Book 53 on Page 47 as parcel 3, See Exhibit A-6. My property is RS 53/40 par2.

Additionally my parcel is officially recognized by Tax Roll ID #571-040-002-9 as seen on the December 20, 1968 sub-division Record of Survey 53/40 parcel 2, Exhibit 1. The fact remains; Exhibit 2 sub-division was completed prior to Record of Survey 53/47. The Exhibit A-2 location is seen on the 1970 Tax Assessor's map 571-03 as parcel 37 AKA APN #571-030-037-0, See Exhibit picture 3. Therefore, official records prove Exhibit A-4 is in no way applicable for use on my parcel ID #571-040-002 or anywhere within the entire December 20, 1968 Record of Survey 53/40, see Exhibit 3.

Water Well Drillers Report No. 353936 wrongfully Shows: (1) OWNER: Name, Weber Heights Water and the address as 36040 Happy Hill Lane, why?

The fictitious business name Weber Valley Heights Assoc., per the permit application Exhibit A-3 and the permit Exhibit A-4 are shown as the owner. However, the true 1990 deeded owner at the time Exhibit A-3 was submitted for approval was not Weber Valley Heights Assoc., nor was it Eugenia P. Wilson as seen on the 1969 Record of Survey 53/47, Exhibit A-6. April 12, 1984, Eugenia P. Wilson had in fact by grant deed transferred her property interest to Rodger and Jeannie Schmid, recorded as doc 74567, See Exhibit A-7.

The next transfer of those specific ownership right to/for Record of Survey parcel lot 3 53/47 par3 as seen in Exhibit A -3, A-4 and A-7 was completed by a Grant Deed document recorded May 8, 2002, whereas that Record of Survey 53/47 par3 legally transferred authorities per doc # 2002-240973, Exhibit A-8.

May 8, 2002, Exhibit A-8 provided rights of authority to 44135 Perryman Lane, APN #571-030-037, RS 53/47 par 3, the rights had in fact transferred from Rodger A. Schmid and Jeanie E. Schmid **to Robert J. Franko and Deborah L. St Pierre** by Grant Deed thereafter known as joint tenants in common. From this point may it be so noted that those two **Grant Deeds** Exhibit A-7 and Exhibit A-8 both **failed to mention a Weber Valley Heights in part or in whole**. The fictitious business name, *Weber Valley Heights Non-profit Association did not legally exist according to official Secretary of State and County of Riverside Recorder records*. I ask you to do the research, then, form an opinion of your own like I did. Keep in mind only legally recorded facts count. The County Recorder records also reflect not one parcel of real property is now or were ever owned by that fictitious third party business union name as shown on the permit application Exhibit A-3 and permit Exhibit A-4. CO ORD 682, Section 7, needs to be applied to the permits.

DEH was lied to for many years by those persons running a scheme of selling water thereby yielding them profits. However, the defunct 1973 fictitious non-profit 501 (c) 3 California business called Weber Valley Non-

profit Association truly did not legally exist. Certain people revised a new association in 2002 that was named Weber Valley Heights Water Association much like that name currently being used for deceptive purposes. See CA Public Utilities 2705 related to water sale and profits therefrom. Review CA Corp Code related to Mutual benefit Associations as related to mutual benefit Association land ownership tenure, following up with Business and Professions Codes 17900-17930 related to a fictitious businesses making a profit from the sale of water and filing a DBA.

Who is the owner and legal responsible makeup of that fictitious Weber Valley Heights Association per CA Business and Professions Code 17900 – 17930? What legal authority does the fictitious name own?

The Secretary of State and County of Riverside records both provide ample proof there is not a legal entity possessing any real property ownership rights of authority called Weber Valley Heights Assn.

In 1990 County Ordinance 682 specifically sections 3, 6 and 7 applied to all new wells, right?

The well driller's log recently provided to me by DEH, Exhibit A-5, actually proves a timeline of events and according to that log, Permit #16245, was somehow wrongfully used as the permit shown on the log. That log file identified 36040 Happy Hills Lane as the correct location and address where permit #16245 is clearly shown on Exhibit A-5. February 27, 1990 permit #16245 should be declared NULL and VOID per County Ordinance 682, Section 6 (a) and Section 7. That well related to either Exhibit A-4 and or A-5 was started in April and completed in December as so noted on the log. Therefore, permit #16245 was Null and Void because the work had taken well over 6 months, see Ordinance 682, Section 6 (a) and the information related thereto. Furthermore, the well location 36040 Happy Hill Lane is and was incorrect for use of permit #16245, Exhibit A-4, See Ordinance 682, Section 3 and 7.

I've proven permit application Exhibit A-3 and Exhibit A-4 was not for use on my APN #571-040-002.

Therefore, I ask the director of DEH to insist an official location survey be completed providing the identity of those exact location parcels whereas inspection records were incorrectly reflected as being 44135 Perryman Lane, See scans 1-3 and pictures 1-6. A legally recorded affidavit of survey related to the actual water source locations will correct DEH records thereby current and future property owners will then know the legal whereabouts of those well locations herein question.

Let me state certain irrefutable facts

I found two well locations are absolutely misidentified on multiple DEH field inspection reports starting in 2005, whereas the reports show the locations as being somewhere other than the true addresses of 44240 East Benton Road RS 54/40 par4, APN #571-040-004 and or 44100 Ginger Circle RS 54/40 par2, APN #571-040-002 *both are not named on inspection report 2005-2014 why?*

Seeing how there was not a well drilling permit issued for use on my property, I demand DEH disassociate permit #1790 naming Weber Valley Heights, the fictitious business, as having any right to make use of my real property identified as APN 571-040-002 Record of Survey 53/40 parcel2 commonly known as 44100 Ginger Circle.

I hereby insist DEH staff correct it's err, related to specific GPS identification of real property locations

I ask you to please correctly identify the true legal property owners of record for two wells. One well is located on the Southeast corner at 44240 East Benton Road, 1968 Record of Survey 53/40 as par 4, APN# 571-040-004 and the other is 44100 Ginger Circle, RS 53/40 par 2. The two properties were never a part of 44135 Perryman Lane no matter what the DEH files and reporters may have wrongfully claimed; See the attached Exhibits, Pictures, Scans and Records of Surveys 53/40, 53/43 and 53/47 the facts remove all doubt.

The State Small Water Board permit #1790 is in the name of a Weber Valley Heights Assn., is based on a well location 44135 Perryman Lane as clearly shown on multiple field inspection reports, therefore, that permit should be revoked due to the continuous fraudulent information provided to DEH by the permittee, Deborah St Pierre and Robert Franko whom, as of May 8, 2002, became the Deeded owners of that property DEH staff had known as 44135 Perryman Lane.

The February 26, 1990 permit application and that February 27, 1990 permit #16245 were in fact issued exclusively to a fictitious business that failed real property ownership rights per CA Civil Code. At the time permit #16245, Exhibit A-4 was issued neither Deborah St Pierre nor Robert Franko and or Weber Valley Heights were named as the deeded property owners. The facts remain that Deborah St Pierre and Robert Franko were not the legally recorded deed owners of 44135 Perryman Lane no matter what they had claimed verbally. Therefore, that permit #16245 and #1790 was Null and Void any real true authority issued to a fictitiously named non-existing or legally entitled business called Weber Valley Heights Association. See CA Civil Code related to ownership of real property and personal property, both are two separate issues and must transfer by legal process.

I ask any legitimate DEH staff member with a conscious for justice to please complete a diligent research by following those specific recorded paper trails that do exist. Recorded facts expose those deceptions I claimed herein as my research revealed those truths so will yours. The recorded facts are what led to exposing multiple lies told to DEH by certain persons claiming that fictitious third party Weber Valley Heights was the real property owner that it is not.

Riverside County Recorder records prove that defunct non-profit mutual benefit association name does not own any rights of authority for one single parcel of land and those persons whom committed fraud on DEH staff and the people of CA remain in violation of CA Business and Professions code by conducting business yielding a profit and failing to register a DEB per CA B&P Code 17900- 17930, See 17910 and apply 17930. What they did was in violation of County Ordinances and State Laws and what they are doing now is a continuous ongoing crime.

Steve,

We are (and have been) working with Mr. Reed, his latest request has been to Eric, which has generated a response, expected to go out soon. I will get you that response, but would also urge you not to engage Mr Reed as his position cannot be substantiated by our records. He seems to have a lot of time on his hands.

Thanks
Jeff

Good Afternoon Olivia,

Mr. Reed had presented this request to DEH a short time ago. Since then, County Counsel, in conjunction with EH has drafted a response addressing the concerns and will be sending it shortly. I will be happy to provide you a copy once it has been finalized.

As you are probably aware, this has been going on for some time now. We are hoping the response from CC will put this to rest.

Do not hesitate to contact me to discuss further. I have seen a draft version of the letter, but I believe there were changes forthcoming.

Thanks
Jeff

Good morning Olivia,

I hope you had a wonderful holiday, and a happy New Year!

Our office was contacted by a Mr. Greg Reed of Hemet regarding some issues he's experiencing with a well on his property. I took the liberty of reaching out to the California Department of Water Resources regarding the email below, but don't see them being much help. Mr. Reed mentioned contacting your office before, and I was wondering if you were able to assist? Quite the complex issue, but Mr. Reed is more than happy to explain.

Thanks so much,

Alec Baron

Subject: I need your help with the County of Riverside Environmental Health issues.

Mr. Voepel,

Please review this letter addressing the County of Riverside Environmental Health Department.

I need your help resolving issues contained within these documented facts. Is there something or anything you can do to help me?

My name is Greg Reed, my real property address is 44100 Ginger Circle, Hemet CA, 92544, Ph. (951) 767-4500

On April 25, 2007, my wife Sherry and I purchased a home on 5 acres of land known as 44100 Ginger Circle. We did not know it in 2007 but our water supply was being delivered from an illegally drilled well that was and currently remains illegally electrified. The well is within boundaries of our par2 as described on December 20, 1968 in the official Record of Survey 53/40 that is shown on our Deeded rights to the specific real property herein question.

The following is a letter addressing my issues of concern.

Mr. Von Stockholm as the director of Riverside Environmental Health I ask you to please take a real close look at a letter that was sent to us in the attempt to convince me that the well on my property was or is somehow owned by a specific singular standalone association named Weber Valley Heights Assn. The exhibits in that letter from the law firm Best, Best and Krieger conflict with RCDEH records. If you look at the February 26, 1990 permit application address on the Weber Valley Heights archived records in your file system (permit #16245), then, compare the APN#'s and the address 44135 Perryman Lane to the files that were sent to me by the Law Firm of Best, Best and Krieger (B,B&K) you will see the same forgery that I saw as shown in B,B&K Exhibit B and Exhibit C attached thereto. RCDEH staff issued a permit in the name of a business that does not truly exist and does not own any recorded rights to make use of any land, therefore, who is permit #1790 issued to? When was permit #1790 first issued? How is permit #1790 legally valid for use on my land, per Dec 31, 1990 County Ord. 682 Sec. 3? I ask you, whoever is the entire makeup of what is being called WVHWA? As you can see I have many questions and unresolved relationship of permit issues I want your help with. Your staff sent me a true copy of the permit herein question.

1. First off, as seen in the B, B&K files someone used the February 26, 1990 application and forged it to appear as if it was for my address, as seen at Exhibit B, which is Strike 1.
2. The forged permit #16245 shows Weber Valley Heights Assn. as the owner, County records provides proof to the contrary, the union called Weber Valley Heights Assn. does not own any land rights, Strike 2.
3. That B, B&K Exhibit D invoice was issued in conjunction with drilling a well at 44135 Perryman lane. The exhibit was forged from an original invoice showing APN# 571-030-037, Strike 3.

The well on my property is 600' foot deep and the pump is at 588'. June 11, 1992, my well was illegally electrified and connected to a water storage tank located one property North and one West of my parcel. Where is a copy of any inspection or permit for that work per County ORD. 682?

Do you know the exact well locations herein question remains misrepresented by past RCDEH field inspection reports shown from 2005 to the current date? Prior to October 18, 1973 and thereafter a dysfunctional non-existing association failed to manifest itself as a legally recognized 501 (C) 3 Non-profit Association named Weber Heights Non-Profit Association. The CA Secretary of State does not have records of any such Association known as Weber Heights Non-Profit Association so named and written per its foundation of formation meeting held on October 18, 1973. Riverside County Recorder's Office official records fails to have any real property transfers of authority in the name of Weber Valley Heights anything and/or a "Doing Business As, (DBA) for a fictitious business association named Weber Valley Heights anything. Therefore the association remains defunct, yet somehow, RCDEH has continued to issue the State Small Water Board permit #1790 in the name of a fictitious business so particularly described in CA Business and Professions Code seen at Sec. 17910 codified in Sec. 17900-17930. Who enforces code violations once noted by those individual's sworn to uphold the law? WVHWA is not a real business other than it is a fictitious business name. WVHWA is a fraud.

Next, I ask for you to please review the past inspection reports for Weber Valley Heights that are related to the 1969 Record of Survey 53/47 par3 AKA, APN 571-030-037 commonly known as 44135 Perryman Lane as seen on drilling permit #16245. Then find that exact GPS location on the County TLMA map system, please compare the addresses and the GPS as seen on the inspection reports to these three APN's 571-030-037, #571-040-002 and 571-040-004. I did and much to my surprise not one well is located at 44135 Perryman Lane.

Mr. Steve Von Stockholm, would you please educate me as to why DEH field inspection reports from 2005 to 2013 claimed a location as 44135 Perryman Lane? Did or do you know there never was a working well at 44135 Perryman? DEH staff had filed paper work showing a well location as 44135 Perryman Lane, that location not only was, but it is, absolutely incorrect. I ask you to physically audit the APN's of the wells associated with permit #1790. Then physically audit the residential addresses of service connections dating back to 2002, only then, you'll undeniably see the real truth as I do. After September 1, 2002 three additional service connections were made to my water source, where are the test results per the supply requirements prior to those connects being made, see California Regulations Related to Drinking Water at §64215 ?

Water Supply Requirements,

Prior to receiving permit approval, a state small water system which was not in existence on November 12, 1991 shall demonstrate to the local health officer that sufficient water is available from the water system's sources and distribution storage facilities to supply a minimum of three gallons per minute for at least 24 hours for each service connection served by the system. Where are DEH well test results or \ permit application and well drillers permit with my address, APN or my predecessors in interest name on them?

Please consider these three portions of information related to the well on my property:

1. **The hypothesis**, a deed entitling grant of easement rights sets forth conditions under which a person should be guided; not one recorded document named WVHWA as a benefactor of real property rights to APN #571-040-002 per CA Civil or CA Corp Codes;
2. **The disposition**, indicates Civil Rights and Governmental duties of all actors and participants in relations arising under those Deeded Rights and circumstances envisioned in the hypothesis as a disposition;
3. **And the sanction**, that defines consequences for persons who violate the prescriptive Civil Rights of a particular norm. In criminal laws, a legal norm usually consists of two parts: a disposition (the elements of a criminally punishable action) and a sanction (the penalty for committing the particular act) such as liability.

The fact is, Weber Valley Heights is absence rights to make use of my land, therefore, absence be the legal norm is classified according to legal force dependent thereby an agencies force per authority of decree & laws, See CO. RIV. ORD. 682 Sec 3 &Sec 7.

I have as of now revealed facts related to provable internal cover-ups done by specific RCDEH staff members in relation to well locations. Currently I remain totally disappointed with your staffs' actions and the lack of professional services. Furthermore I have revealed official RCDEH records do not disclosed correct information within the archives that are related to three specific well locations, one of which is embedded in my land. In my opinion your staff "has not performed" as per what is expected of administrative Governmental reprehensive standards. I truly expected RCDEH to have a fiduciary duty to all people and that includes professional attitudes whereas RCDEH staff has failed to represent my family in order to maintain its cover-up. Unfortunately, the County of Riverside Department of Environmental Health (RCDEH) has not performed the service that I have continuously requested help in resolving. My calls for help have been ignored and covered-up by RCDEH staff members. The service provided by RCDEH in my opinion was inadequate at best.

Another fact is the California Supreme Courts leans in the direction that Associations are separate entities such as are Weber Valley Heights. In order to correct the problem related herein, let me provide absolute clarity of this service request,

I 100% contest the standalone business union called Weber Valley Heights as having any CA civil rights to make use of my real property known as RS 53/40 par2, so clarified and shown on April 25, 2007 as recorded by a Grant Deed of entitled rights of authority thereto Tax roll APN ID #571-040-002-9.

Mr. Steve Von Stockholm,

- What RCDEH field inspection records identify my APN #571-040-002 and or #571-040-004?
- What legally issued well drilling permit shows APN 571-040-002 or 571-040-004 prior to or thereafter April 12, 1990?
- Someone representing WVHWA forged a County of Riverside application for a well dated Feb. 26, 1990. The permit #16245 was issued on Feb. 27, 1990 per the Feb. 26, 1990 application. The responsible person in their hand wrote the word "amended", if you cross reference WVHWA files there are forensically similar hand written notes addressed to RCDEH. (See the 2007 emergency files)
- Additionally per CO Ord. 682 Sec.7 *please disassociate all real property ownership or rights thereto any and all well locations that are under a fictitious business name of Weber Valley Heights, specifically permit #1790.*

California Regulations Related to Drinking Water, Article 3, State Small Water Systems §64211. Permit Requirement. (a) No person shall operate a state small water system unless a permit to operate the system has been issued by the local health officer. (c) A change in ownership of a state small water system shall require the submission of a new application. On April 25, 2007 County Recorder records prove the singular business Weber Valley Heights fails authority of ownership rights to my property and or for any well location within the County. Therefore §64216, Mutual Associations Prohibited. No state small water system which was not in existence on November 12, 1991 shall be issued a permit to operate if the water supplier is an unincorporated association. I can prove my well is unpermitted and that it did not go into water production until June 11, 1992 §64216, Mutual Associations Prohibited applies to my property.

Furthermore, I would appreciate the County of Riverside pursue criminal sanctions of the persons whom over many years by using fraud have intentionally fooled your staff in relationship of two well locations.

Conclusion,

RCDEH records do not show any well drilling permit having the Dec. 20, 1968 Record of Survey 53/40 par2 and/or 44100 Ginger Circle prior to or thereafter April 12, 1990, that either was, or is, related to the well located within APN# 571-040-002 boundaries and/or the water supply line therefrom. I can and have without question proven my point that forgery happened. Your staff member Mr. Matt Riha provided me proof that there is not a record for a well drilling permit issued for use on my property. Seeing how there is no such well drilling permit or inspection records related to my parcel #571-040-002, I insist you revoke permit #1790 relationship to all property according to ORD 682 Sec7.

I truly look forward to your honest reply in this attempt of accomplishing a resolution to the problems hereto disclosed. So that we are on the same page, I will wait an additional 10 days from December 30, 2016 before seeking help from my Attorney. Please understand this of me; I refuse to quit my pursuit for justice until this issue is dissolved, however with your help I will resolve these particular problems hereto disclosed in relationship to the authority and responsibility of RCDEH. Please feel free to contact me at the address above or call my cell (951) 767-4500. There is more to this story, Mr. Von Stockholm, I asked of your secretary to setup a meeting with you and that meeting never happened. I want to have an Official meeting with you; therefore, please setup a date then provide it to me and I will be there. The unpermitted illegally drilled and electrified well is claimed as somehow being permitted as a portion of a State Small Water Board #1790, how and by what CA Water Code showing rights of authority?

Rule for Agency, Agent can bind principal only if the agent has authority to do so and Weber Valley Heights is neither my Agent nor my reprehensive to 3rd parties. Therefore, I contest any permit for use of my real property in the name of a fictitious business that sells water extracted from the well located on my property, See CA Business and Professions Code Sec. 17910–17930 apply that code to the Association and try to answer who is Weber Valley Heights Water Association? Ask them for membership agreements. See public utilities Code Sec. 2705.

Sincerely,
Greg Reed

Cc: Fisher, Laura@Waterboards <Laura.Fisher@waterboards.ca.gov>
Subject: Riverside July - December 2017 Report 6

REMINDER: Your Report 6 is due on March 1, 2018.

To Local Agencies:

REPORT 6 FORM

This email transmits the Report 6 and Red Tag forms for the July-December 2017 semiannual data that is **due March 1, 2018**. As the CERS data is currently unreliable for the purposes of state and federal reporting, each agency that has not been approved by the State Water Board for paperless reporting is still required to submit the “paper” version of Report 6 as in previous reporting periods. To get your agency’s data ready for paperless reporting, please see the FAQ on the CERS “help” page titled: [Creating a Valid Report 6 From CERS](#). If you feel your agency is ready for paperless reporting, please read the letter titled: [Underground Storage Tank Report 6 Paperless Reporting Requirements](#). Please note that if your agency has not been approved for paperless reporting by December 31, 2017, you must submit the “paper” Report 6 for this reporting period, regardless of the outcome of your request for paperless reporting.

The attached documents contain the following:

1. Report 6 form (page one) shown as: YOUR AGENCY NAME.docx, and the Red Tag form (page two)
2. Report 6 and Red Tag instructions
3. Significant Operational Compliance (SOC) Measures Matrix as part of LG 164-2

Please review the attached instructions before completing the report.

Please use the space provided in Footnote 1 to report all discrepancies in the numbers for the beginning of this period (Column A – provided by the State Water Board). This does not include new or closed items. Agency name and address changes can be reported in the address text boxes. Please use the Report 6 instructions and SOC measures to help update your Report 6 form.

Please note that for SOC compliance inspections, per federal and state requirements, **you are reporting the condition of the UST facility at the start of the inspection.** So if you notice one or more violations, based on the compliance measures in LG 164, you should report that facility as not in compliance, even if the violation was corrected during the inspection.

We will send a confirmation email after we receive your completed Report 6 form.

We appreciate your cooperation in providing this information. Please update the Word document for the Report 6 and Red Tag forms and email your updates to Steven Mullery at Steven.Mullery@waterboards.ca.gov by **March 1, 2018**. If you have any questions regarding this letter or Report 6, or have any difficulties completing the Word document, please contact Steven at (916) 341-5850.

Tips:

1. *Open document by double clicking the “AGENCY NAME.docx”*
2. *Click on “Read Only” (no password required to open)*
3. *Save the document to your computer*
4. *Enter data in the shaded text boxes.*
 - a. *To edit, you may need to go to the “View” tab and click “Edit Document”.*
5. *Send the updated document from your computer to the State Water Board by email*

Subject: FW: Report 7200 Run Time Error

I forgot to ask you about this. I need these spread sheets evaluated and cut down (compared to our existing permits), then separated by Area and District. I heard Dan was an Excel wiz. Does he have the time?

Let me know and I can go over the specifics of the project with him. The attached 7220 and 7200 are just Area 1 because Mike was working on it but ultimately couldn't manipulate the spread sheets for adequate comparison.

From: Casey, Brent
Sent: Thursday, August 10, 2017 11:50 AM
To: Crain, Nicholas
Subject: FW: Report 7200 Run Time Error

Fritzy took a look at the reports, but is not sure that she could help. She was thinking Jeremy could be an option? In talking with Dan Young yesterday, he had mentioned being an Excel wiz, so maybe he could give it a shot too?

Thanks Mike. Hold off for now.

Brent, anyone in your group Excel wizzes? If so, would it be possible for them to take a look at comparing these reports? We can discuss specifics in person if you have someone.

Subject: FW: Report 7200 Run Time Error

Hi Nick,

The formatting of the DTSC spreadsheets and Envision spreadsheets don't align well and would need some tweaking before we can execute a compare and merge command successfully which is going to take some time and diligent focus. If possible, maybe we can ask around at HAB to see if anyone is familiar on how to do this and farm this out. Or it may just be simpler to do a manual side by side comparison. If you want me to continue working on this, I would be more than happy to do so but it will take a while for me to reformat Report 7220 and 7200 and then run a comparison with the DTSC information. Please let me know.

Subject: Report 7200 Run Time Error

Hi Rizwan,

I'm still getting a run time error for Report 7200 when attempting to export the facility inventory as an excel file. I have not re-tried Report 7220 but I imagine it would be the same outcome. Perhaps, it's a MS Surface Pro memory issue. Please advise

Runtime Error!

Program: ...ade Software

Subject: September 2025 Aging Report
Attachments: Aging Report 9-9-25.xlsx

Hi everyone,

The September aging report is out! It's short this month, but some of these places have been on the aging report since June.

The printed statements have been left on your chairs.

Please deliver the invoices with the appropriate NOV **within the next 2 weeks**. If they have any questions have them call the 1-888# at the top right of the statement. If they were NOVED last month its pay or quit time!

If it's a mobile or CFO, try and contact the owner and see if they are still operating. If you can't get a hold of the CFO, go to the house and try to talk to someone. If there is no one home, post the NOV on the door. As usual, if they are OOB please let Shelley know so we can get them off this list!

Thank you,

Attachments: Aging Report 8-8-25.xlsx

Hi Jason,

Please follow up next week, this CFO is on your aging report list.

Also, I haven't seen any NOV's turned in with your timesheet paperwork. Please start issuing NOV's to your facilities that still have balances next week. Be sure to issue them an NOV with the correct code section for operating without a permit, along with their statement I gave you at the beginning of the month. Give them 1 week to pay, and if they do not pay, they need to be closed.

Let me know if you have any questions.

Kristin,

I tried to call the CFO operator and no answer. The calls are screened and she did not answer. I left a message to contact us regarding renewal of CFO permit. You may want to drive by to see if any activity is being conducted at the location? Anyhow, I'm in office for couple weeks trying to call delinquent accounts. This one has no contact. It may be OOB? But unable to verify.

Thank you.

Subject: Retailers List: Local Notification - Recall by Danone U.S.

CAUTION: This email originated externally from the **Riverside County** email system. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe.

Good morning,

Danone U.S., a White Plains, NY establishment, is recalling YoCrunch® Yogurts due to the potential presence of plastic pieces in the separately packaged dome topper.

Below is the **preliminary** list of retailers (Excel file) identified as receiving the affected products. For additional information, please visit [Food Recalls](#)

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Product Identification
<p>YoCrunch® products</p> <ul style="list-style-type: none">• Multiple flavors and sizes• See attached Product List (PDF file)

Thank you,
Mary

Subject: Permits Overdue
Attachments: DES Aging Report 12.5.24-Area 6-90+ Days Overdue.xlsx

Hi,

Here it is, the list of facilities in our area that are overdue and we need to start issuing NOV's. I have created the "Permits 100% Overdue" Team in Microsoft Teams, uploaded the attached report, and invited you both to the team. If you didn't get the notification of the new team let me know! There are still some unknowns and issues with the current system of contacting past due facilities and with HS; and because it's almost Christmas, here is the plan:

I have divided the into 3 sections; Belle= Blue, Shelley=Green, I will take yellow. From now until Christmas please call the facilities in your section and document the day they were called. If they are OOB we will place them OOB in HS and they can be deleted from the list! Starting in January, any facility that has not paid will be receiving the Pay or Quit NOV from specialists.

Shelley, please put Alvord Central Kitchen OOB and attached the emails from the state for the file.

Belle, Waterstone Apartments on your list are those pools we were talking to Steve about last Friday, so it like their OOB spas are not showing in the system anymore, but they still need to pay for the 6 they still have.

Let me know if you have any questions.

Thank you,

Kristin Vejar

Hi,

Here it is, the list of facilities in our area that are overdue and we need to start issuing NOV's. I have created the "Permits 100% Overdue" Team in Microsoft Teams, uploaded the attached report, and invited you both to the team. If you didn't get the notification of the new team let me know! There are still some unknowns and issues with the current system of contacting past due facilities and with HS; and because it's almost Christmas, here is the plan:

Good afternoon,

Reser's Fine Foods, a Beaverton, OR establishment, is recalling meal kits due to possible *Listeria monocytogenes* contamination.

Product Description	Use By Dates
<u>Don Pancho and Bistro 28 brands of meal kits containing recalled chicken</u>	Use By date range: 9/13/2024 – 11/21/2024 (See Product List file)

Attached (Excel file) is a **preliminary** list of retailers identified as receiving the affected product. For additional information, please visit [Reser's Fine Foods – Don Pancho and Bistro 28 Meal Kits Containing Recalled Chicken 10/10/24](#)

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

We will see what they say in the Murrieta office.

Like I said, Gale runs multiple CFM's, most of them are in Murrieta's area so she just goes to their office every quarter, submits the paperwork for all her temp events at each market, and pays there. When they remember, they send the list over to us. Attached is the most recent list I had in my past emails from 2023. But the list only includes the temp event vendors.

The CFM permit and the Temp Event permit are two totally different and distinct permits with different requirements for both, which has been explained to Gale multiple times. The way it is supposed to work is:

1. When she renews her CFM permit she is supposed to submit a list of all her farmers operating under the CFM permit and let us know what they are selling so we can follow up on any required licenses or permits for their non-certifiable agricultural products (dried fruits, cheese, slaughtered meats...). So, just like when a CFO or MHKO pays without submitting their required paperwork, we have to contact them and have them submit it.
2. When she renews her Temp Event permits every quarter she is supposed to submit a list of all her temp vendors along with her applications. She does this via the attached Excel spreadsheet, which was an agreement that was made with her years ago. She does this in the Murrieta office.

Arturo, because the CFM is in your area for now it is your responsibility to follow up every quarter with the Murrieta office to make sure she has renewed her ongoing temp event and submitted a list of vendors, and get that list in the file. Also, every year when the CFM permit is renewed it is your responsibility to contact Gale and have her submit the paperwork with the list of Farmers and what they are selling at the CFM, along with the renewed CFM license from the Ag department. If she doesn't have a license for a CFM from Ag, the whole thing is just one big temp event.

Here is the application and vendor list for the Corona Farmers Market. The owner, Gail, runs multiple farmers markets. She pays and submits the vendor list at the Murrieta office every time. Sometimes they forward it to us, sometimes they don't.

Belle, can you start tracking the temp event associated with this market and reach out to Murrieta when it expires for the updated paperwork.

Jason, the farmers market and the temp event associated with it need to be inspected. The temp event should be inspected every quarter. Because its in your district, it is your responsibility to stay on top of it.

Let me know if anyone has any questions.

Thank you,

Sometime Monday will you please speak with him about where he is at with the temp event paperwork and inspection? The farmers market (PR0049909) has not been inspected yet this year, so I am afraid the temp event has also not been seen at all.

Here is the application and vendor list for the Corona Farmers Market. The owner, Gail, runs multiple farmers markets. She pays and submits the vendor list at the Murrieta office every time. Sometimes they forward it to us, sometimes they don't.

Belle, can you start tracking the temp event associated with this market and reach out to Murrieta when it expires for the updated paperwork.

Jason, the farmers market and the temp event associated with it need to be inspected. The temp event should be inspected every quarter. Because its in your district, it is your responsibility to stay on top of it.

Let me know if anyone has any questions.

Thank you,

CAUTION: This email originated externally from the **Riverside County** email system. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

Reckitt/Mead Johnson Nutrition, a Parsippany, NJ establishment, is recalling infant formula due to possible *Cronobacter sakazakii* contamination: [Reckitt/Mead Johnson Nutrition Voluntarily Recalls Select Batches of Nutramigen Hypoallergenic Infant Formula Powder Because of Possible Health Risk | FDA](#)

Product Identification	Dates Affected
<p><u>Nutramigen Powder Infant Formula</u></p> <p>UPC: 300871239418 or 300871239456</p> <p>Batch Codes with Size/Packaging:</p> <ul style="list-style-type: none">• ZL3FHG (12.6 oz cans)• ZL3FMH (12.6 oz cans)• ZL3FPE (12.6 oz cans)• ZL3FQD (12.6 oz cans)• ZL3FRW (19.8 oz cans)• ZL3FXJ (12.6 oz cans)	<p>Use By Date: 1 Jan 2025</p>

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit [Reckitt/Mead Johnson Nutrition - Nutramigen Powder Infant Formula 12/30/23 \(ca.gov\)](#)

If you choose to perform any **retail site visits** to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: FW: Retailers List (Local Notification) - Recall by Reckitt/Mead Johnson Nutrition

Hi everyone, please conduct recall checks for your area by Jan 12. I know Target is hard to work with. Maybe they are due for inspection and a site visit would be more productive? Thank you.

From: Buan-Ignacio, Mary@CDPH <Mary.Buan-Ignacio@cdph.ca.gov>

Subject: CFM vendors

Hi Kristin,

Linda has sent the vendors lists for the farmers markets. Corona is included on one of the tabs. Sending it in case they hadn't sent it to you.

Best regards,

Kristen Burnham

Subject: FW: Kellogg Company - Local Notification
Attachments: Kellogg recall 6-14-18.xlsx

Roba and I called one of each of the stores on this list:

1. Albertsons
2. Ralphs
3. Stater Brothers
4. Food 4 Less
5. Walmart
6. Vons
7. Target

I am hoping that is enough and we don't have to call all 31 in our area (please, please, please!).

This is a huge list! Looks like all the Albertsons, Ralphs, Targets, Walmarts, Stater Brothers, and Vons throughout the State. I counted 31 in our area alone (highlighted orange starting at #380).

Do we need to call all of them, or just one of each store in our area?

Subject: Kellogg Company - Local Notification

Good afternoon,

Kellogg Company, a Battle Creek, MI establishment, is recalling Kellogg's® Honey Smacks® Cereal due to possible *Salmonella* contamination.

Product Identification	Affected Dates
<p><u>Honey Smacks Cereal</u></p> <ul style="list-style-type: none"> • Size: 23 oz • UPC Code: 3800014810 <p><u>Honey Smacks Cereal</u> (with limited distribution outside the U.S.)</p> <ul style="list-style-type: none"> • Size: 15.3 oz • UPC Code: 3800039103 	<p>BEST if Used By Date:</p> <p>JUN 14, 2018 through JUN 14, 2019</p>

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June2018/fdbFrKCO5n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Attachments: Kellogg recall 6-14-18.xlsx

This is a huge list! Looks like all the Albertsons, Ralphs, Targets, Walmarts, Stater Brothers, and Vons throughout the State. I counted 31 in our area alone (highlighted orange starting at #380).

Do we need to call all of them, or just one of each store in our area?

Subject: The SoyNut Butter Co. - Local Notification

Good afternoon,

The SoyNut Butter Co., a Glenview, IL establishment, is expanding its recall of I.M. Healthy Soynut Butters, I.M. Healthy Granola, Dixie Diner's Club Carb Not Beanit Butter due to possible *E. coli* contamination.

Attached is an **updated** list of retailers (updates in gray shading) identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY4n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: The SoyNut Butter Co. - Local Notification

Good afternoon,

The SoyNut Butter Co., a Glenview, IL establishment, is expanding its recall of I.M. Healthy Soynut Butters, I.M. Healthy Granola, Dixie Diner's Club Carb Not Beanit Butter due to possible *E. coli* contamination.

Attached is an **updated** list of retailers (updates in gray shading) identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY4n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Ready Pac Foods Inc. - Local Notification

Good afternoon,

Ready Pac Foods, Inc., an Irwindale, CA establishment, is recalling the "Ready Pac Foods Puro Picante Blazin Hot" due to possible *Listeria* contamination.

Product identification:

Product Name: "Ready Pac Foods Puro Picante Blazin Hot"
Size/Packaging: 7.5-oz. single serve salad bowl packages
Establishment number: P-27497, P-32081, or P-18502B inside the USDA mark
of inspection

Attached is a preliminary list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrRPF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: LOCAL NOTIFICATION - SABRA DIPPING CO

Good afternoon,

Sabra Dipping Company, a Colonial Heights, Virginia establishment is recalling certain hummus products made prior to November 8, 2016 due to possible *Listeria monocytogenes*.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSDC2n.pdf>

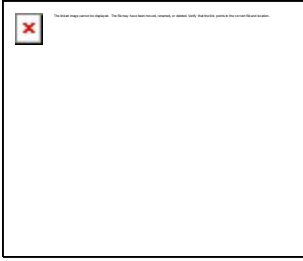

Attached is a product list.

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Hello Casanova,

Attached are the reports for the inspections that were conducted today.

Just to recap from today's visit, the Riverside County Tobacco Retail Permit is currently expired. The tobacco inspection report has the details on how to pay for the permit. A total of two invoices were given to you at the inspection (the invoice IN1001937 for the delinquent permit for \$477.00 and the invoice IN1047781 for the upcoming permit for \$502.00). I have attached them in this email as well. Payment must be submitted for the delinquent permit must be made by 07/17/2025. I do apologize for when our system was down and unable to accept payments during that time.

If you have any other questions, just let me know

Respectfully,

Hilario Venoya III, REHS

Hey Team,

I combed through D24 and found some facilities to be in the wrong district. I also was able to review D22 & D25 as far as which facilities I knew that should be in my district (D24). I had one facility that was located in Perris...thanks Health Space.

I agree Emmily.

Hilario, can you please review the D24 tab and highlight and notate any changes that need to be made (just like Emmily did for D21)? Shanna, you can go next, then Mark, then Darrel. Carolinn can you take a shot at addressing D22 and D25?

Again, we are just identifying the known issues (facilities in the wrong districts).

Let me know if you guys have any questions.

Subject: Re: District 21 Pool Maps/ Routes

Thank you for this Emmily! I know that each of us appreciate all of the care and effort you took in making our transition into 'life without Emmily' a little easier by creating these maps and lists.

I was inspired by Emmily's efforts and came up with a very simple spreadsheet that I'd like for each of you to review. The information in the spreadsheet is from HS for each district. I'd like to know if there are mislabeled facilities (facilities in the wrong district, inaccurate DBAs, any missing facilities, etc.). Please indicate that by highlighting them and then adding the correct district/information in the far right column. I figured you could compare the list to your cards if need be, but I'm open to however you'd like to verify the remaining list will be accurate.

I plan to forward this list to (... 🙄) someone, who can make the corrections. It struck me Emmily when you said that HS was so error-riddled even with the correct facilities for your district, that it was better to use the old EC list. I'm going to see what can be done to make sure at least the facilities in the districts are maintained so we don't have to use that old EC list.

Please review and make your comments prior to the end of June.

Let me know if you have any questions.

Thanks.

Subject: District 21 Pool Maps/ Routes

Hi everyone,

I've created a folder in the Palm Springs Q drive containing maps and suggested routes for pool facilities in district 21.

Some areas within this district have clusters of pools that can be challenging to navigate and plot all associated permits if you're unfamiliar with the area.

To help with this, I've organized maps with a list of facilities in an efficient route order meant to be read from (north) top to bottom and (west) left to (east) right.

This will be clearer upon reviewing the maps.

I've also included comments on the maps to highlight helpful details such as OOB pools, nudist pools, pools that also have food permits, etc.

Here's the link:

Q:\DEH_DES_PalmSprings\Pools\District 21 Palm Springs Pool Maps

This is a work in progress so I will be adding more documents.

Let me know if you have any questions.

Have a great day,

Emmily Phan

Hello Octavio,

Seeing as we're going to need to wait further for approval with a new deck oven, we've made the decision to move forward keeping our current oven.

Our current oven is a Werner Pfleiderer Matador Instore deck oven (model number 6.8.3). It was installed in 2016 when we first opened our current bakery and was then approved by the Riverside Department of Environmental Health plan checker. I was advised to keep the documentation that was reviewed by the plan checker in case we need to once again provide evidence of it's certifications. I wanted to send these files to you before redrawing our plans to replace the Polin deck oven. This one is 100% electric and requires a water source for steam injection. We received this documentation directly from the manufacturer.

We are also planning to replace the Polin rack oven with and LBC LRO-1G5 rack oven (spec sheet attached).

We're replacing the Bongard BFA Retarder/Proofer with and LBC LRPR2N-HO-C (see spec sheet attached).

We're going to eliminate the Baxter Mini-rack oven, along with the washer and dryer for now.

Our goal is to work out the details of a larger capacity deck oven during a future expansion project, which should give us time to secure an oven that is both suitable for our needs and meets the necessary sanitation, mechanical, and safety requirements as well. However, we do plan too include adequate floor drains for future expansions to eliminate the need for additional trenching when the time comes.

I still look forward to hearing about the final decision regarding the Empire deck oven's integrated hood and ventilation schematic.

Best,

Kevin

Hi Abigail,

Inspector, Krista Stewart, visited the Perris site for an inspection and the site is not even built. At this time an invoice cannot be generated until the site is built.

For the Colton site that is in The County of San Bernardino and you will need to reach out to them for an invoice.

If you have any additional questions, please feel free to contact our office.

Hi Ken,

You had mentioned that we would be posting an update regarding the CFMs being allowed to sell prepack food under TFF permit. I have not seen anything posted yet. Will prepackaged food include both PHF and non-PHF?

I can have our organizers submit a list of their prepack vendors and then we can determine what permit to charge them. Would we be prorating it at all since we are half way through April? We could charge them 2/3 of the TFF quarterly fee for the number of prepacks they have. Sound good?

Thanks,

Jenay Marcotte

Hi Jose, i have repair guy out and he repaired the items that you wrote down for repair/replaced.
Can we make an appointment for this Thursday at 9:00am.
Please let me know.

Thanks

Hi Kristina,

We have been working on the various Abbott recalls since February 18th when we issued the first recall to our stores – see below and the attached notices. I can confirm that all of our stores have removed any and all of the products that have been recalled has been either sent to back to the manufacture or destroyed. This was completed by February 26, 2022.

We do not have any of the recalled items on-hand and we have a register block in place so we cannot sell the any of the items listed in the recall if by chance any show up. We also have a return process for customers who may have any of the recalled product to include WIC recipients.

I hope this will help you with your survey. If not, please let me know me know what more you need.

Note: This is an expansion of the recall sent to all stores on February 18, 2022. The highlighted items in the table below have been added to the recall. Please enter counts into the WIRE verification form for the removal titled “Similac Formula Expansion” for the highlighted items ONLY. All items recalled on February 18, 2022 have already been reported in the original recall verification form.

The below products may contain *Cronobacter sakazakii* or *Salmonella* Newport.

What do I need to do

RETURN CENTER

- Take the affected merchandise to the claims area. This merchandise will be sent to the Return Center.

- Check: Cross-merchandised areas, donations, demo room, any overstock areas, displays on salesfloor, Customer Value Program (CVP), fuel stations, salesfloor and backroom. Service Desk returns need to be processed to Claims.
- This product may not scan as “Recall” for up to 1-2 business days.
- Please periodically check the Autoclaim in the system to ensure you do not miss the return window.
- Complete the Verification Form on WIRE Product Removal.
- **Note:** Stores may now edit the Verification Form for up to 4 weeks.
 - This should show up on your Store Recall Detail Report if you show on-hands and are traisted for this merchandise.

Sales Restriction

- A sales restriction at Point of Sales (POS) has been placed on ALL the items in the table above.

Store Management must complete the following actions by Feb. 26:

1. Recalled formula Return Center claims must be finalized and processed for pickup by close of business, Saturday Feb. 26.
 - New shipments of formula are scheduled to begin arriving on Sunday Feb. 27. It is critical that impacted baby formula going to the Return Center is not mixed with new formula or put back on the shelf.
2. Make sure inventory is accurate, and on-hands are adjusted to 0 to remove any overstated on-hands/PI, following completion of the claim.
3. Immediately print and post the [Voluntary Powder Formula Recall sign](#) on the formula modular. The sign must remain posted until further notice.

Resources

- Compliance Hot Line: 1-700-WALMART
- Refer all Customer questions and concerns to Abbott Laboratories at 800-986-8540.
- Customer returns – process as defective merchandise and use Wal-Mart policy to honor all customer returns

Respectfully,

Ronald O. Kirk
Director, Ethics and Compliance

Hi Kristina,

We have been working on the various Abbott recalls since February 18th when we issued the first recall to our stores – see below and the attached notices. I can confirm that all of our stores have removed any and all of

the products that have been recalled has been either sent to back to the manufacture or destroyed. This was completed by February 26, 2022.

We do not have any of the recalled items on-hand and we have a register block in place so we cannot sell the any of the items listed in the recall if by chance any show up. We also have a return process for customers who may have any of the recalled product to include WIC recipients.

I hope this will help you with your survey. If not, please let me know me know what more you need.

Note: This is an expansion of the recall sent to all stores on February 18, 2022. The highlighted items in the table below have been added to the recall. Please enter counts into the WIRE verification form for the removal titled “Similac Formula Expansion” for the highlighted items ONLY. All items recalled on February 18, 2022 have already been reported in the original recall verification form.

The below products may contain *Cronobacter sakazakii* or *Salmonella* Newport.

What do I need to do

RETURN CENTER

- Take the affected merchandise to the claims area. This merchandise will be sent to the Return Center.
- Check: Cross-merchandised areas, donations, demo room, any overstock areas, displays on salesfloor, Customer Value Program (CVP), fuel stations, salesfloor and backroom. Service Desk returns need to be processed to Claims.
- This product may not scan as “Recall” for up to 1-2 business days.
- Please periodically check the Autoclaim in the system to ensure you do not miss the return window.
- Complete the Verification Form on WIRE Product Removal.
- **Note:** Stores may now edit the Verification Form for up to 4 weeks.
- This should show up on your Store Recall Detail Report if you show on-hands and are traisted for this merchandise.

Sales Restriction

- A sales restriction at Point of Sales (POS) has been placed on ALL the items in the table above.

Store Management must complete the following actions by Feb. 26:

1. Recalled formula Return Center claims must be finalized and processed for pickup by close of business, Saturday Feb. 26.
 - New shipments of formula are scheduled to begin arriving on Sunday Feb. 27. It is critical that impacted baby formula going to the Return Center is not mixed with new formula or put back on the shelf.

2. Make sure inventory is accurate, and on-hands are adjusted to 0 to remove any overstated on-hands/PI, following completion of the claim.
3. Immediately print and post the [Voluntary Powder Formula Recall sign](#) on the formula modular. The sign must remain posted until further notice.

Resources

- Compliance Hot Line: 1-700-WALMART
- Refer all Customer questions and concerns to Abbott Laboratories at 800-986-8540.
- Customer returns – process as defective merchandise and use Wal-Mart policy to honor all customer returns

Respectfully,

Ronald O. Kirk
Director, Ethics and Compliance

Subject: September 2025 Aging Report

Hi everyone,

The September aging report is out! It's short this month, but some of these places have been on the aging report since June.

The printed statements have been left on your chairs.

Please deliver the invoices with the appropriate NOV **within the next 2 weeks**. If they have any questions have them call the 1-888# at the top right of the statement. If they were NOVed last month its pay or quit time!

If it's a mobile or CFO, try and contact the owner and see if they are still operating. If you can't get a hold of the CFO, go to the house and try to talk to someone. If there is no one home, post the NOV on the door. As usual, if they are OOB please let Shelley know so we can get them off this list!

Thank you,

Kristin Vejar

Good morning, Shelley!

First off, thank you so much for the training you sent! I am about halfway through it and it is great information. I do have a question.. do you provide specific "training" or host some type of informational meeting for retailers to attend to go over this? if so, I'd love to have whatever you have so I can read it. If you do not, maybe THAT is something we can work on together, sounds like a great way to show that we are a united front. Let me know what you think.

Have a great day!

Thanks! Here is a PDF of the training we give to new staff. I thought it would be more helpful than anything else I could send your way.

Keep in mind, some of it does need to be updated...we just haven't had new staff since some of the changes have happened, such as military personnel now need to be 21 also.

Subject: Tobacco Grant info

Hi Shelley,

Here is the verbiage used on the grant website:

Local law enforcement, including police departments, sheriffs' departments, and school police departments that apply for funding to:

conduct minor decoy operations including for electronic cigarettes/vape products;

increase resources to conduct tobacco-related enforcement operations targeting locations where minors are likely to be present, such as playgrounds, youth sports events, baseball stadiums, school and college campuses, public transit systems, or vehicles with a child present;

provide education classes or diversion programs for tobacco retailers to help ensure that they understand and comply with state and local tobacco laws.

Hope this helps,

Cherie

Hi Daniel! Per our phone conversation on 10/31/2018, I am requesting an excel spreadsheet with a list of the active businesses in Palm Springs. I am requesting this because Palm Springs recently adopted the County Ordinance regarding the permitting of retail tobacco locations. I work for Riverside County Environmental Health which is the entity that will be conducting the permitting and enforcement of these locations and we'd like to see a list of locations that do or may sell tobacco products. Thank you!

This email is being bcc'd to LPA contacts

Hello,

An email was sent October 2 requesting information regarding manganese violations, waivers, and sequestrations. However concerns have been raised that LPAs are unable to access the Sharepoint link, so this email is intended to provide a workaround solution.

1. Workaround – Excel spreadsheet

- a. Please review the contents of the attached spreadsheet tabs (instructions, waivers, sequestration, and violations) as it applies to your county's respective water system inventory:
 - i. If any systems have Mn waivers in effect, please add those to that second tab titled "Waivers".
 1. If there are no Mn waivers in effect in your county's inventory, you may disregard this tab.
 - ii. Review if sequestrations listed in the third tab titled "Sequestrations" are applicable and still active/needed. Please strike-out any sequestrations that are inactive or no longer applicable.
 1. If there are no sequestrations active in your respective inventory, you may disregard this tab.
 - iii. Review the fourth tab titled "Violations" and strike out any systems listed on the violations tab that have returned to compliance.
 1. If there are no active violations or return to compliance actions listed for your county inventory, please indicate that in your response.
- b. Please return your response to Senior WRCE Lawrence Sanchez at Lawrence.Sanchez@waterboards.ca.gov or reply to this email for the CEU to forward your response.

If you have any questions on this topic, please reach out to Lawrence Sanchez at Lawrence.Sanchez@waterboards.ca.gov for the fastest response. For all other questions, please email DDW-CountyEngagement@waterboards.ca.gov.

Thank you,
County Engagement Unit

Subject: California-specific October Sanitary Survey completion status report

EXTERNAL:

Hi, Paul et al.,

I'm attaching the quarterly CA-specific Sanitary Survey completion report with the same parameters as the Region 9 report, plus breakouts for California regulating agencies. This report uses the regulating agency listing from June and now shows a few "#NA" results in the Agency column for PWSs not found in that report.

The report shows:

- 2023 CWS status: community Ws for the three years or five years for "Outstanding Performer" systems through calendar **2023**
- 2023 NCWS status: non-community Ws for the five years through calendar **2023**

This report is based on Sanitary Survey completion dates reported to SDWIS/Fed in the third quarter of 2023 and retrieved from the October 2023 SDWIS Federal Data Warehouse. The October SFDW data includes Sanitary Survey site visits with completion dates through 6/30/2023 by default. Of course, we are still two months shy of the end of 2023, so DDW has time to complete sanitary surveys that are due this year, and then the first two quarters of 2024 to enter completion dates before the final 2023 completion status report comes out in July. The Time Lines sheet describes the reporting periods for the CWS and NCWS summary sheets.

Please let me know if you see any issues. Thanks and regards,

Don

Subject: TAX SALE LIST FOR TC 215.xlsx
Attachments: TAX SALE LIST FOR TC 215.xlsx

I know it's a hell of a time, but here is the list of properties going up on the county for sale. You could own just for paying the back taxes on many of them.

There is even a whole golf course in here. (500K no one will buy)

There is a forgiveness period, but worth looking at...if your are bored...let me know as title searches need to be done

Subject: Chevron Station #200908 22520 Cactus Ave. Moreno Valley, CA RE: Inspection report issued 10/17/2016 & 11/14/2016

Inspector Wes Wesolowski,

This letter is in response to the inspection report issued on October 17, 2016 and the follow-up inspection issued on November 14, 2016 to Chevron Station #200908, located 22520 Cactus Ave. Moreno Valley, CA 92553.

Below is our response regarding the 2 items noted in the enclosed inspection report.

- 2030033: Monitoring plan indicates the UDC sensors will shut down both dispensers and sumps
- The UDC's have Beaudreau sensors. As noted in the inspection report, they only trigger the dispenser to shut down. The monitoring plan was updated on 11/15/2016 and submitted into CERS. Attached is a hard copy of the CERS submittal.
 - 2060015: Failed to place sensors at proper locations. Observed 87 S and Diesel annular 420 sensors not placed at the lowest point in order to detect at the earliest possible release.

- On 11/14/2016 the annular sensors for all tanks were replaced with 460 sensors and achieved passing test results. Attached are the test results from Wayne Perry Inc.

Please contact me directly if you have any questions or concerns.

Thank you,

Andrea Vilchis

From: Whitney, Brittany
Sent: Friday, November 8, 2019 2:49 PM
To: [REDACTED] Private Information
Subject: Inspection report
Attachments: denny's 11.8.19.pdf

Greetings,

The inspection report from earlier today is attached to this email. You can also view your inspection report by visiting our website at www.rivcoeh.org and clicking on the restaurant grading link. Our website also has useful information on safe food handling, handwashing, what to do during an electrical outage, and other procedures. Employees are also able to get their food handler card through our website.

Make sure you maintain a copy of the inspection report available for any member of the public to view. By law you must maintain a copy of the report available for anyone to view if they request to see it. If you have any questions regarding the report or the inspection, I can be reached at the number below or by replying to this email.

Sincerely,

Brittany Whitney

Environmental Health Specialist I

Subject: Kellogg Company - Local Notification

Good afternoon,

Kellogg Company, a Battle Creek, MI establishment, is recalling Kellogg's® Honey Smacks® Cereal due to possible *Salmonella* contamination.

Product Identification	Affected Dates
<p><u>Honey Smacks Cereal</u></p> <ul style="list-style-type: none"> • Size: 23 oz • UPC Code: 3800014810 <p><u>Honey Smacks Cereal</u> (with limited distribution outside the U.S.)</p> <ul style="list-style-type: none"> • Size: 15.3 oz • UPC Code: 3800039103 	<p>BEST if Used By Date:</p> <p>JUN 14, 2018 through JUN 14, 2019</p>

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June2018/fdbFrKCO5n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: The SoyNut Butter Co. - Local Notification

Good afternoon,

The SoyNut Butter Co., a Glenview, IL establishment, is expanding its recall of I.M. Healthy Soynut Butters, I.M. Healthy Granola, Dixie Diner's Club Carb Not Beanit Butter due to possible *E. coli* contamination.

Attached is an **updated** list of retailers (updates in gray shading) identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY4n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: The SoyNut Butter Co. - Local Notification

Good afternoon,

The SoyNut Butter Co., a Glenview, IL establishment, is expanding its recall of I.M. Healthy Soynut Butters, I.M. Healthy Granola, Dixie Diner's Club Carb Not Beanit Butter due to possible *E. coli* contamination.

Attached is an **updated** list of retailers (updates in gray shading) identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY4n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: The SoyNut Butter Co. - Local Notification

Good afternoon,

The SoyNut Butter Co., a Glenview, IL establishment, is expanding its recall of I.M. Healthy Soynut Butters, I.M. Healthy Granola, Dixie Diner's Club Carb Not Beanit Butter due to possible *E. coli* contamination.

Attached is an **updated** list of retailers (updates in gray shading) identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY4n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Hostess Brands - Local Notification

Good afternoon,

Hostess Brands, LLC, a Kansas City, MO establishment, recalls its Limited-Edition Holiday White Peppermint Hostess® Twinkies® due to possible *Salmonella* contamination.

Product information:

- Limited-Edition Holiday White Peppermint Hostess® Twinkies®
- Packaging: sold in multipack boxes (9 individually wrapped cakes in a box)
- UPC: 888109111571

Attached is a **preliminary** list of retailers identified as receiving the recalled product. For additional information, please visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrHOSTB2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Hostess Brands - Local Notification

Good afternoon,

Hostess Brands, LLC, a Kansas City, MO establishment, recalls its Limited-Edition Holiday White Peppermint Hostess® Twinkies® due to possible *Salmonella* contamination.

Product information:

- Limited-Edition Holiday White Peppermint Hostess® Twinkies®
- Packaging: sold in multipack boxes (9 individually wrapped cakes in a box)
- UPC: 888109111571

Attached is a **preliminary** list of retailers identified as receiving the recalled product. For additional information, please visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrHOSTB2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: LOCAL NOTIFICATION - SABRA DIPPING CO

Good afternoon,

Sabra Dipping Company, a Colonial Heights, Virginia establishment is recalling certain hummus products made prior to November 8, 2016 due to possible *Listeria monocytogenes*.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit

<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSDC2n.pdf>

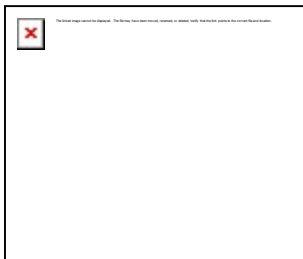

Attached is a product list.

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: LOCAL NOTIFICATION - SABRA DIPPING CO

Good afternoon,

Sabra Dipping Company, a Colonial Heights, Virginia establishment is recalling certain hummus products made prior to November 8, 2016 due to possible *Listeria monocytogenes*.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit

<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSDC2n.pdf>

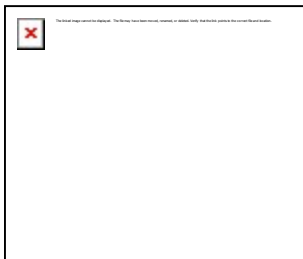

Attached is a product list.

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Attachments: Well Sample Report (DRAFT).xlsx

Good morning,

Attached is a rough draft of the report requested. I was unable to configure HS to display location data on the well sample list screen, so I had to get your data in a more indirect manner. The developers are also on vacation until early January, unfortunately, so I can't rope them in to get the data I need.

First, I exported all well samples from HS – just over 100 records.

I then attempted to lookup each well sample APN in an export I pulled from Address Manager. This was unsuccessful as there are duplicate APNs in Address Manager. Instead I searched Map My County for the APNs provided. In cases where Map My County had a street address for an APN, I recorded that on the report.

For all APNs which did not have an address in Map My County, I pulled the location data from the related Well Inventory record.

The end result is a dataset with the Well Inventory ID, Sample Date, various sample results, the Map My County address, and the HS address. There are still 7 records with no location data.

Please let me know if this is suitable for an initial data cleanup and how things might be displayed differently for the final report.

Thank you,

Subject: RE: Urgent - Water Sample Data

Hi Ryan,

We brought this matter up with HS yesterday morning and, according to Tom, HS thinks they can get this info out of HS via a list screen update. Tom did ask for verification of the exact data fields you would need to see, so I forwarded over your formal request from last week. I asked for an ETA, but we usually do not get concrete dates from HS.

I will keep you posted, and will try and find a manual workaround in the meantime.

Subject: Urgent - Water Sample Data

Land Use requires a means of extracting water sample data for the purposes of our annual LAMP report to the State Waterboards. Currently the water sample data is captured in the "Well Sample" Utility (See figure 1). We need to be able to correlate the sample data with location data. Location data is captured in the "Well Inventory" utility and each sample is connected to a well inventory item (See figure 2). The end result would be a spread sheet that shows the

water sample data and location data on one table (An example is in figure 3). We need to clean up the data prior to including it in our report, and the data is needed by Jan 10, 2025, so hopefully we can have this report before the end of the year in order to have time to clean up the data. This report has been an ask since before we went live with HS, but it's crunch time now.

Figure 1

<input type="checkbox"/>	Sample Date	zFluoride	Nitrates	Arsenic	TDS	Uranium
<input type="checkbox"/>	10/29/2024					20.00000
<input type="checkbox"/>	10/24/2024	0.230000	0.000000		420.000000

Subject: Urgent - Water Sample Data

Land Use requires a means of extracting water sample data for the purposes of our annual LAMP report to the State Waterboards. Currently the water sample data is captured in the "Well Sample" Utility (See figure 1). We need to be able to correlate the sample data with location data. Location data is captured in the "Well Inventory" utility and each sample is connected to a well inventory item (See figure 2). The end result would be a spread sheet that shows the

water sample data and location data on one table (An example is in figure 3). We need to clean up the data prior to including it in our report, and the data is needed by Jan 10, 2025, so hopefully we can have this report before the end of the year in order to have time to clean up the data. This report has been an ask since before we went live with HS, but it's crunch time now.

Figure 1

<input type="checkbox"/>	Sample Date	zFluoride	Nitrates	Arsenic	TDS	Uranium
<input type="checkbox"/>	10/29/2024					20.00000
<input type="checkbox"/>	10/24/2024	0.230000	0.000000		420.000000	
<input type="checkbox"/>	10/23/2024	0.420000	1.100000		370.000000

Hi Sharita,

I am no longer seeing duplicates in Vector Sites Inventory, thank you!

However, I started checking other utilities in HS for duplicates and found about 400 duplicates in OWTS Inventory (See attached) and 1 duplicate in Planning Cases (PAR240035).

Can you work your magic for these utilities as well?

Thank you,

Good morning,

We have a rather concerning issue that has come to light. A large number of active records in our Vector Sites Inventory have been duplicated (screenshot attached). This was first observed in the system around 7AM today (July 15). Oddly, inactive records have not duplicated. Presently we cannot distinguish between our original records and the duplicate ones.

Please advise. This is an urgent matter, field staff log time to these records daily.

Kelly,

Could you refer me to the department who handles scheduling an inspector to come out and take a look at our machines in your county? My quality control manager (anthony) needs to set up a time in the coming weeks to have them inspected and stickered please.

Thank you for your help.

Kelly,

We mailed out the list of machine's and associated addresses a while back and have not heard from anyone.

Please see attached list.

Good morning,

Understood, however the comments regarding why systems are to be removed was part of the instructions provided by Joseph. The template provided by DDW was already auto filled with systems based on their report pulled from SDWIS. I agree that some of the comments could have been removed. If there are not any further corrections I can resubmit?
Sincerely,

From: Kim, Kristine <KAKim@RIVCO.ORG>

Subject: RE: Workplan corrections

Good morning All!

For the next submittal (or future official submittals) to Lisa, please remove the information that will not be submitted. When I asked to keep comments, my intent was that we keep the comments internally so that future staff can understand the logic of why we removed, why we did things, etc... If the comment is being used to convey information to Lisa or DDW, then those comments can be kept for the official submittal but I do expect that Shantel and Mike will also filter those comments and deem what is appropriate for actual submittal.

Please also remove any commentary like “we completed remove” should just result in the comment being removed and the item being removed. I would also like you to remove any comments like my questions about when facilities were inspected, if those were inspected, remove the comment and the item.

Let me know if you need further clarification as to what should officially submitted on the Department’s behalf.

Thank you for your work on this. When are you intending to complete and re-submit?

Sincerely,

Kristine Kim

Hi Damaris,

I'm sorry you're having trouble accessing the Unsafe Water Notice toolbox, I tried the same path. Under Dashboard I also got the error message you received. Under UWN Survey the link is good, you'll need to login with the credentials:

- User ID: ddw_fwhq (this is not case sensitive)
- Password: ddw_fwhq0 (this is case sensitive)

As an alternative, try this page, click on [Unsafe Water Notice \(UWN\) Toolbox](#) under Accessing the Survey – that also seems to work. Same user ID and pwd as above.

Thank you,
Lisa

Good morning all,

As discussed yesterday, here are the resources for the Unsafe Water Notice Toolbox and the Cross-Connection Control Policy Handbook:

1. [DDW GIS Workgroup \(sharepoint.com\)](#)
2. [Cross-Connection Control Policy Handbook \(ca.gov\)](#)

For the Unsafe Water Notice Toolbox, you can use the navigation links on the right-hand side of the GIS workgroup page to get to the toolbox information shown below.

Unsafe Water Notice (UWN) Toolbox

DDW management and executive staff have directed staff to use of the UWN Toolbox created by the workgroup. Using the survey and map in the toolbox, DDW staff and management can input UWN information to generate email text for send out to our public health partners who need to be informed of these notices.

Note: [Personal Portal log in credentials](#), like those used for the Internal Map Tools are **NOT** authorized for submitting surveys. You **MUST** use the appropriate login from the table below. *If you get an error message when trying to access these surveys, you may need to open a new browser session to clear your personal log in credentials from your cache.*

ArcGIS FIELD WORKER ACCOUNT LOGINS

DDW SECTION	USERNAME	PASSWORD
Headquarters (DMU, SAFER etc.) <i>LPA staff - Use this log in!!</i>	DDW_FWHQ	ddw_fwhq0
Section 1 (Redding, Sacramento, Stockton)	DDW_FW1	ddw_field01
Section 2 (Monterey, Richmond, Santa Rosa)	DDW_FW2	ddw_field02
Section 3 (Fresno & Bakersfield)	DDW_FW3	ddw_field03
Section 4 (Los Angeles & Santa Barbara)	DDW_FW4	ddw_field04
Section 5 (San Bernardino, San Diego, & Santa Ana)	DDW_FW5	ddw_field05

[Unsafe Water Notice \(UWN\) Toolbox](#)

[Demo Video](#)

[UWN Demo Video](#)

Helpful Documents

[UWN Guidance \(including login credentials\)](#)

[UWN Intake Form](#) This form can be downloaded and sent to water systems for them to complete to provide information to enter in the survey.

[UWN FAQs](#) Common Questions that have been asked during training sessions

To access the toolbox, you'll want to click on the blue "Unsafe Water Notice (UWN) Toolbox" button and use the username/password combination for headquarters. For a demonstration on how to use the toolbox, click on the blue "UWN Demo Video" button.

Hope that helps, feel free to let me know if you have any questions. I'll let you know when I have an update on my other follow-up items.

Thanks for putting these together, Sam!

For the MHP template/example, could you adjust it to say MHP name and (not and/or) PWSID#?

Also, it doesn't matter much on my end, but I was wondering why Customer Name is blank and Name is put in the Employee ID: Customer box?

Thanks!

Maddie

Hi all,

For the food truck templates, I recommend client use “Sink Faucet” instead of “Sink” to clarify that the water sample came from the faucet and not the sink.

Best,
Wil

Hello Damaris,

Here is a copy of the Blank COC requested.

Furthermore, I have added MHP and Food Truck COC templates and examples.

Please let me know if this generic format works for all parties.

If you have any questions feel free to let me know.

Best,

Samuel Murillo Novoa

Hi hi Everyone,

Could we get a digital copy of the COC? We have a scanned in copy that looks faded, either PDF or Word Doc would suffice.

Thank you!

Best,

Damaris Zepeda Peñuelas

Hi all,

Thank you so much for a productive meeting last week. It was so great to finally meet many of you in person!

I am attaching a COC template based on the changes we discussed, in hopes that the information requested can be blended with CVWD's existing COC template and provided to customers. I am also attaching a list of EPA-regulated MHPs that either already use CVWD's lab services or may in the case of repeats, with PWSID#s in case a customer forgets. Please also let me know when test strips are being provided in test kits so I can reach out to the well owners I work with to inform them of the changes and invite them to the training.

Special thanks to the lab staff for all their hard work to make the sampling process the easiest possible for both customers and regulators. I'm looking forward to continuing to work with all of you!

Best,
Madeleine

When: Thursday, February 22, 2024 2:00 PM-3:30 PM (UTC-08:00) Pacific Time (US & Canada).

Where: CSS Tech. Ed. Center/EOC Room 108

Caution: This email originated from outside EPA, please exercise additional caution when deciding whether to open attachments or click on provided links.

Hi All,

Just want to provide you with an update for our meeting this afternoon.

I will not be able to join you due to reporting for jury duty.

Arci Bland, Chemist and Quality Manager for the lab, will be taking my place.

Please join her for subject meeting to coordinate on how to best meet the needs of our customers and regulatory agencies.

Joanne Le, Environmental Services Director, Abraham Ramirez, Water Quality Analyst, and Samuel Murillo-Novoa, Laboratory Aide, will also be present at the meeting.

Attached is the agenda.

For outside agencies, please sign in at kiosk in the lobby of our Operations building located at :75-525 Hovley Lane East, Palm Desert, CA 92211. Lab staff will come up to bring you to the meeting room once you've signed in.

Thank you all for attending.

Best regards,

Wil

Wilfred G. Gonzalez

Subject: Water System Riverside County Specialist Contact List - Indio & Riverside Offices
Attachments: Water System Assignments & LPA Contact.xlsx

Hello All,

I have attached a spreadsheet showing each water system that is in under the jurisdiction of Riverside County Department of Environmental Health and which employee oversees the water system. I know most of our water operators have requested this, so they know who to contact, so I hope this helps. We will update the spreadsheet as staff changes occur. Please note, in case of an emergency always follow the ENP and contact the folks listed on there. The most recent version can always be found on our website listed below.

Please continue to send water data to waterdata@rivco.org.

<https://rivcoeh.org/programs-and-services/land-development/lpa>

Hope this helps!
