Hello Greg –

Please find attached the final, final delinquent listing for the County.

The number of accounts has decreased by 54 since the 08/01/2019 update
The total principal amount has decreased by 7,229.15 since the 08/01/2019 update.

Number of accounts for the 2019/2020 tax roll as of 08-02-2019 = 4,139
Total principal amount for the 2019/2020 tax roll as of 08-01-2019 = 1,475,071.24

I have also attached the CSV file for uploading.

Please email the final submittal report to me as soon as you have it.

Thank you,
Angela Dance

Hello Greg –

Please find attached the final delinquent listing for the County.

The number of accounts has decreased by 487 since the 06/21/2019 update
The total principal amount has decreased by 118,943.97 since the 06/21/2019 update.

Number of accounts for the 2019/2020 tax roll as of 08-01-2019 = 4,193
Total principal amount for the 2019/2020 tax roll as of 08-01-2019 = 1,482,300.39

I have also attached the CSV file for uploading.

Please note that I am having trouble performing the upload on the new website.
I am working with Justina Loeun for assistance and guidance.

Thank you,
Angela Dance

Attachments: ECDC - Caddy Manufacturer Cutsheet.pdf

Tracey,

I have a few questions from your report:

- item #6 - Do all sides of the walk-in coolers/freezers need to be closed off to the bottom of deck above?
- item #16 - The "Caddy" has a cleanout area below the conveyor mechanism. See attached. Does this suffice as the manufacturer's self-contained drainage?
- item #17 - Which janitorial sink are you referring to? I see a handsink near the Blodgett ovens and a handsink near the dishwasher that are both the same make and model.
- item #20 - To what height does the SS behind the Blodgett ovens need to be terminated?
- item #21 - There is a hard exhaust duct connection to the dishwasher and no Greenheck hood is accommodated for on the M003 sheet. Is this acceptable?

To: Ford, Tracey
Cc: John Stobart; Edith Bailon
Subject: ECDC 2412.6 Use of funnel drain.
Attachments: Corrections per Riverside County.pdf; Pot Sink Waste Direct-Indirect.pdf

Hi Tracy Just a follow-up;
Feel free to call me if you have any questions.

To address item #3 on your attached Preliminary #1 Inspection report dated 1/4/2018, we are proposing the use of a funnel drain in lieu of a floor sink to allow for an indirect connection. The funnel drain will be located centrally under the 3 compartment sinks in BK 7 and BK 22.

Our plumbing and kitchen consultants are agreeable to the approach but note that it may be in variance to CPC Code 704.3 attached wherein pot sinks /dishwashing sinks require a direct connection.

Please confirm that funnel drain is still acceptable.

Thanks
Dean

Hi Jess,

This application says this is a resubmittal of approved plans but all both 3 FPs show rejected. I found the approval letter in the Reports folder, for FP0002142 and updated HS with the approval date. Please let me know what to charge them.

Thank you,

Denene Elmore

Hello,

We have received your submittal. The plan check fee is \$2,037. **The plan check review process will begin when payment is received.** **Please note: if the fees are not paid within 30 days the plans will be deleted.**

Fees can be paid in any of the following methods:

-Mailed Check -

Include a copy of the application with the check.

- Make check payable to "Riverside County - Department of Environmental Health"
- Mail check to: Riverside County Department of Environmental Health
Attn: Plan Check/Denene Elmore
4065 County Circle Drive, Room 104
Riverside, CA 92503

-Credit Card (Phone)

- Call 951-358-5172 between 8:00 AM & 4:00 PM
- All credit card transactions are charged a 2.37% convenience fee. We do not accept American Express.

-In person between 7:30 AM & 4:00 PM

- Check, cash or credit card
- All credit card transactions are charged a 2.37% convenience fee. We do not accept American Express.
- To ensure staff has access to your application for processing, please be sure to notify me prior to your arrival to your preferred DEH office.

Please see the attached Will Serve requirements.

Thank you,

Kelly Amon

Delivery has failed to these recipients or groups:

DEHPLANCHECK@RIVCO.COM (DEHPLANCHECK@RIVCO.COM)

Your message wasn't delivered. Despite repeated attempts to deliver your message, the recipient's email system refused to accept a connection from your email system.

Contact the recipient by some other means (by phone, for example) and ask them to tell their email admin that it appears that their email system is refusing connections from your email server. Give them the error details shown below. It's likely that the recipient's email admin is the only one who can fix this problem.

For Email Admins

No connection could be made because the target computer actively refused it. This usually results from trying to connect to a service that is inactive on the remote host - that is, one with no server application running. For more information and tips to fix this issue see this article:

<https://go.microsoft.com/fwlink/?LinkId=389361>

Department of Environmental Health
Riverside, CA

Subject: Complaint Regarding the Illegally and Unpermitted Well Drilled after May 1, 1990 on the December 20, 1968 Record of Survey 53-40, Parcel 2.

Dear Sir/Madam,

I am writing to bring to your attention a matter of concern that I believe warrants a full historical investigation by your department.

It has come to my notice that a well was drilled at 44100 Ginger Circle, December 20 1968 Record of Survey 53-40, Parcel 2, APN 571-040-002, after May 1, 1990.

Fact 55 years ago today my property was subdivided. The parcel is seen on the January 1970 Assessor map 571-04. Please make no mistake in relation to this parcel and where the well drilling permit #16245 was issued for use at. That application identifies Record of Survey 53/47 par 3 as seen on the 1970 assessor map 571-03. Recorded facts prove the properties were never one of the same.

The well drilling action at 44100 Ginger was completed without the necessary permits, as per Ordinance 682, Section 3. There are no archived permit records issued for a well or electrical thereto 44100 Ginger Circle. Recently it was brought to my attention that DEH is under the impression My parcel was somehow subdivided from Record of Survey 53/47 par 3 Aka APN 571-030-037. That would of been impossible for ROS 53/40 was subdivided in 1968 and ROS 53/47 was subdivided in 1969. Please follow ownership, deeded record, permit applications , building and safety paperwork trails. Incorrect ideas or hearsay are recorded facts.

There seems to be confusion surrounding that well drilling permit #16245 issued Feb. 27, 1990. The permit was very clearly intended for and issued for use on the January 1969 record and survey, 53-47, Parcel 3, APN 571030037, commonly known as 44135 Perryman Lane, where the current owners are Bob Franko and Deborah St Pierre.

Please note that at the time permit 16245 was issued, the named owner was in error and violation of ORD 682, as proven by County Recorder archives.

I understand that the law, as in Ordinance 682, required all well drilling activities conducted after January 1, 1990, to be permitted to ensure the protection of our environment and public health. However, it appears that this requirement was not adhered to in this case.

Furthermore, I am uncertain about any legal or Civil Code of Procedure that somehow allowed the transfer of a legally issued well permit for use on the 1969 record of survey 53-47, Parcel 37, to seemingly transfer for use on the 1968 record survey, 53-40, Parcel 2. I ask, "Where is any legally issued paper trail for such a transfer of permit #16245"?

I believe this matter requires a full timeline of events be investigated with strict attention being paid to

actors and dates in order to ensure that all activities have been conducted in accordance with the law. FYI, the well located on APN 571-040-002 is currently operating by use of an illegally run 220v energy source that originates on APN 571-040-004. Note all of the parcels shown on the 1968 record of survey 53/40 and that other 1969 record of survey 53/47 were all independently and separately owned.

I kindly request your department investigate these issues and take the necessary actions to rectify any violations that may have occurred. I believe that it is crucial to uphold the laws and regulations that have been put in place to protect our environment and public health.

Thank you for your attention to this matter. I look forward to your prompt response.

Sincerely,

Private

Olney, Ryan

Subject: Last Inspection Date/Next Routine in HS
Attachments: Area 4 Permit Manager 10-07-2024 .xlsx

Hi Admin/Tech Committee,

One of the action items from our committee meeting was an all-hands effort of everyone checking the accuracy of the 'last inspection date' and 'next routine inspection due date' in HS Permit Manager. Jessica has checked and let me know that her most recent inspection date is 6/17/2024 for any of her facilities. I also did a QA/QC of the data for some of our facilities here in Area 4 and the data is spotty. Some permits reflect the correct last inspection date and others do not. The dates do go further back than 6/17/2024 but they are not correct. Also, the 'next routine inspection due date' was not accurate for any of the facilities I checked or the date was blank. See the attached for an example list screen export of our permits in Area 4.

Has anyone else checked their respective districts? Please report back to the group with your findings.

Thanks,

Danielle De'Saussure, MBA, REHS

Subject: RE: HEAP/HMBP Robot

Hi Team,

Just wanted to update you all that we successfully generated and mailed out HMBP Robot letters yesterday. Please see the numbers below for how many letters were sent out for NTC, NOV, and NOV2 (783 total). We had a hiccup with a few OOB facilities that had a letter generated on the NOV2 list in error. There were 5 facilities total and they subsequently received violations in EC with a 4/13/2024 'comply-by' date, however, those violations have now been deleted and removed from EC. We also had help from Chris with removing those 5 facilities from the USPS manifest so it doesn't

interfere with the certified signatures that get returned from the post office. **Chris, do you know why that happened and if there is a way to prevent that from happening on the next run?**

Also, I uploaded the manifest to the USPS business customer gateway last night, but included a .podsub copy of the manifest this morning. See screenshot below.

Now, we wait on the next step which is the bulk proof of delivery (BPOD) signatures.

NTC-695
NOV – 54
NOV2- 34

Thanks everyone for all your hard work and collaboration. I appreciate it.

Hi Chris,

I am not sure if I understand your question, but this is all that's in the file right now. See screenshot below. There is nothing in the manifest file created today 3/14/2024...it reads that the size is 0KB and it is blank when you open it.

Name	Date modified	Type	Size
☒ HMBPFlatFile	6/28/2023 4:38 PM	Application	13 KB
☐ HMBPFlatFileNov3	9/12/2023 11:32 AM	Application	13 KB

I restored records from a backup table and ran the preliminary list again. Yes, you should get the same list if you run it from the app.

We might need to talk about those facilities with multiple CERS IDs. I am going to take a look at that piece and let you know.

It's OK; I know what you meant. LOL.

It's the Enforcement Letters that we wanted to be a manual process when generating them in EC, but we still need the list to see which facilities are up for enforcement.

Hi Chris,

We were able to successfully generate the attached CERS Preliminary list today by running the Robot. It was great. We did have a question though; the system did not generate an enforcement tab with facilities that were on the NOV 2 list for the last run----do you know why? I attached our previous run to show the difference where the enforcement tab is included.

Hi All,

Hope everyone had awesome weekends and a great week at CUPA conference (for those of you who attended).

As discussed on our call for HEAP/Robot on 2/22, we will be running the program tomorrow, March 6th to get the CERS Preliminary list to disseminate to the Sups. Can everyone jump on a quick call at 8:30 or 9AM? Please reply and let me know.

I am hopeful it will only take about 30 mins to grab the list.

<ddessauss@rivco.org> wrote:

Thanks Rose and Chris for all your help and efforts with
producing a list.

When the HEAP team met yesterday, we established
that it would be better to run the program (again) when
everyone gets back from CUPA conference, and will
have time to review and return the preliminary back to
us within the one week deadline. If we send out this list,
staff at CUPA will not have the focus to review. Just bad
timing.

Subsequently, let's prepare to run the program and get
the CERS Preliminary on **Wednesday, March 6th**. This
will require pulling a new CERS Submittal listing on 3/6
as well.

Subject: RE: HEAP/HMBP Robot

Hi Team,

Just wanted to update you all that we successfully generated and mailed out HMBP Robot letters yesterday. Please see the numbers below for how many letters were sent out for NTC, NOV, and NOV2 (783 total). We had a hiccup with a few OOB facilities that had a letter generated on the NOV2 list in error. There were 5 facilities total and they subsequently received violations in EC with a 4/13/2024 'comply-by' date, however, those violations have now been deleted and removed from EC. We also had help from Chris with removing those 5 facilities from the USPS manifest so it doesn't

interfere with the certified signatures that get returned from the post office. **Chris, do you know why that happened and if there is a way to prevent that from happening on the next run?**

Also, I uploaded the manifest to the USPS business customer gateway last night, but included a .podsub copy of the manifest this morning. See screenshot below.

Now, we wait on the next step which is the bulk proof of delivery (BPOD) signatures.

NTC-695
NOV – 54
NOV2- 34

Thanks everyone for all your hard work and collaboration. I appreciate it.

I restored records from a backup table and ran the preliminary list again. Yes, you should get the same list if you run it from the app.

We might need to talk about those facilities with multiple CERS IDs. I am going to take a look at that piece and let you know.

Hi Chris,

We were able to successfully generate the attached CERS Preliminary list today by running the Robot. It was great. We did have a question though; the system did not generate an enforcement tab with facilities that were on the NOV 2 list for the last run----do you know why? I attached our previous run to show the difference where the enforcement tab is included.

Hi All,

Hope everyone had awesome weekends and a great week at CUPA conference (for those of you who attended).

As discussed on our call for HEAP/Robot on 2/22, we will be running the program tomorrow, March 6th to get the CERS Preliminary list to disseminate to the Sups. Can everyone jump on a quick call at 8:30 or 9AM? Please reply and let me know.

I am hopeful it will only take about 30 mins to grab the list.

<ddessauss@rivco.org> wrote:

Thanks Rose and Chris for all your help and efforts with
producing a list.

When the HEAP team met yesterday, we established
that it would be better to run the program (again) when
everyone gets back from CUPA conference, and will
have time to review and return the preliminary back to
us within the one week deadline. If we send out this list,
staff at CUPA will not have the focus to review. Just bad
timing.

Subsequently, let's prepare to run the program and get
the CERS Preliminary on **Wednesday, March 6th**. This
will require pulling a new CERS Submittal listing on 3/6
as well.

Good Morning Gino,

I hope your week is going well.

Attached is a list of facilities filtered down to include only the vacant Riverside districts and excluding Cal ARPs and tiered. I also cherry picked and excluded the sites that are difficult and/or more involved, by my opinion, so we can preserve those for Area 4 staff. The list is filtered up to the end of the year but I will be working to get our new inspectors certified to be able to start doing those program inspections right away (that is HAZWOPER for waste, APSA, etc.). Please let me know if you have any questions or comments back and we can work through it.

We truly appreciate Areas 1's assistance with also being slightly shorthanded as well like you described in the email below. Today is the first day that everyone is officially gone and it is literally only me and Joel in the office as far as specialist goes (Ron is on vacation) so this is a different dynamic for an Area office for sure 😊.

Good morning Danielle,

I've discussed with staff and they are all onboard. As soon as we receive your list we will start knocking them out. We will be a little short-handed too since Diana is out training this week and then Thasin and David will be gone the following 2 weeks for C&D week but we will get it done.

Subject: Area 4 Support

Hi Gino & Mike,

I am emailing to solicit Area 4 inspection support. The time has come where Heidi's last day is on the horizon (October 4th) as well as Rose's promotion into Corona, (officially Oct. 5th). Consequently, Area 4 will need support in the form of monitoring certification coverage and inspections. Gabby has let me know that her and Rosana have been working together for the UST calendar in the Moreno Valley districts -District 3 and District 4. Thanks to you both. Ron and Joel will be covering Riverside districts 1 & 2 closer to the office with me covering as a back-up. This is our tentative plan until Joel goes on baby leave at the end of October.

Gino, I know we previously discussed, your staff covering past due/ blanker inspections in Riverside-is that still feasible? If so, I will send the inspection list as discussed.

For any staff covering, they are welcome to come conduct file reviews at HAB, as Gabby and Noemi are prepared to assist them with accessing the files. Overall, thank you everyone for your help and support. We really appreciate it.

Subject: Area 4 Past Due Inspections/Blankers Update
Importance: High

Hi All,

As a follow up to our staff meeting and at the request of some of you, please see the district number blankers and past due inspection percentages for each district below. I also attached the Last Inspection-No Inspection Report builder report as an excel spreadsheet filtered for Area 4. Past due inspections are highlighted in yellow. I also updated the white board in my office to reflect inspection counts from the start of fiscal year until now. Hopefully these breakdowns give a better perspective as to where each district needs attention (blankers and past due). Please let me know if you have any questions or need my assistance.

Past Due Inspections

- District 1 – 36/427 = 8.4%
- District 2 – 16/403 = 3.9%
- District 3 – 20/426 = 4.7%
- District 4 - 58/375 = 15.4%
- District 10/11/12 = 8/57 = 14%

Blankers – No inspection

- District 1 – 36/427 = 8.4%
- District 2- 45/403 = 11.2%
- District 3– 18/426 = 4.2%
- District 4 - 37/375 = 9.9%
- Districts 10/11/12 - 1/57 = 1.8%

Thanks!

Pertaining to Nick's email below, and for a focalized area view, please also see the attached past due inspection list filtered for Area 4. I have highlights past due facilities in yellow.

As an area office, we are *severely* behind and our inspection numbers are the lowest among the branch (see report 7210 attached). I will be getting with each of you individually regarding your district numbers and sitting down to do updated inspection frequencies/expectations on the numbers you need to perform to get your district inspection numbers caught up.

Please let me know if you have any questions in the meantime, or need assistance with a plan on how to get caught up.

Thanks,
-Danielle

Subject: FW: Safety & ECP Training Recordings

Hello All!

Just a reminder that the safety training below is **mandatory** for field staff. If you missed the in-person training on 8/24 and have not yet done so, please review the video and perform the post-test. Send the completed post-test back to Kathleen along with the course eval if you want CECHs. Have this completed by November 30th. If you didn't miss it or already completed the post-test, thank you and disregard this portion of the email.

The Safety presentation in Part 1 (1 hour 37 minutes) of the videos is, again, **mandatory**. Only review Part 2 (ECP training, 1 hour 53 minutes) as time allows and with your supervisor's prior approval as this component of the training is optional.

Also, on the day of this training, in the room I mentioned certain inspection expectations. For those who missed it and as a refresher for those here who present, we talked about 4 HMBP and/or Generator inspections a week from each of you in order for the Branch to stay current on inspections. So UST inspections aside, you need to get a minimum of 4 routine inspections in a week of Generator/HMBP inspections. On top of that, we discussed that for some of you, the number is closer to 5 or 6 inspections a week because you or your district is behind on inspections. Please take this into consideration when planning your full workload, including your inspections, follow-ups, permit investigations, past-due permits, any potential enforcement, and other routine tasks. We also discussed not performing Generator/HMBP inspections at gas stations out of cycle (i.e. before they are due triennially) unless there are numerous violations requiring attention.

As a Branch, we appear to be slightly behind our target for this point in the year. This is to be expected to some extent as we're down staff (two vacancies with all the movement), and it would be worse if not for the outstanding inspection efforts from some individuals (as you can see in EC Report 7210). However, numbers can be confusing and are only a snap shot in time, sometimes of only a few metrics, so let me break it down for everyone.

We're almost halfway through the 2nd quarter of fiscal year 2022-2023 (yes, time flies.) That's 18 weeks in. At 4 non-UST (Generator/Disclosure) inspections a week, you all should have about 72 routine inspections (002s) already completed (again, excluding UST 002s). Remember, that's a baseline only. For some of you, it needs to be higher than that because you finished last year behind and your district is past-due in general.

There is always a lot to factor in, with individuals in training (like Tech Training for many right now and for the next few weeks), time off, non-inspection work, etc., but I'm providing this to you as a mid-year check on general goals. If you have specific questions, feel free to discuss with your supervisor. Supervisors, feel free to go over inspection frequency worksheets with staff in the coming weeks, modifying as needed for those behind in their district.

My apologies for the lengthy email. Thanks for all your hard work. I'm confident that Riverside County is safer because of your collective effort! Keep it up and I'll see you all at the DEH meeting coming up in 2 weeks.

Thanks,
Nick

Subject: Area 4 Past Due Inspections/Blankers Update
Attachments: All Last Inspections - No Inspections 08102022.xlsx

Hi All,

I was running inspection numbers for Area 4 and wanted to give you all the updates. Please see the attached excel spreadsheet filtered for Area 4. Past due inspections are highlighted in yellow. Again, this report differs from Report 7808 because it gives an entire area view, versus just a district view; however you may still filter out your own district. See the following information by districts:

Past Due Inspections

- District 1 – 50/428 = 11.6%
- District 2 – 17/398 = 4.2%
- District 3 – 45/421 = 10.6%
- District 4 - 28/372 = 7.5 %
- District 10/11/12 = 4/57 = 7%

Blankers – No inspection

- District 1 – 31/428 = 7.2%
- District 2- 40/398 = 10.1%
- District 3– 14/421 = 3.3%
- District 4 - 26/372 = 7%
- Districts 10/11/12 - 1/57 = 1.8%

Thanks!

Hi All,

Nick just sent the inspection trends below for the entire Branch. Since the attached overdue inspections list was sent out last month, I will be following up on the status of inspections at our upcoming staff meeting.

- *10,384 Non-UST Permitted (11,084 w/ USTs [700])*
 - *698 Total due by 6/30/2022*
 - *Inclusive of 96 grossly past due (>one year [FY17-18, or 6/30/2018])*
 - *306 Blankers*
 - *2,733 due FY22-23 (last inspection done 7/1/2019 – 6/30/2020)*
 - *3,610 due FY23-24 (last inspection done 7/1/2020 – 6/30/2021)*
 - *3,037 due FY24-25 (last inspection done 7/1/2021 – 5/9/2022) SO FAR (= FY21-22 Inspections)*
 - *Will need to add inspections from 5/9 to end of fiscal to this number*
- *348 inspections have been done since at least April 6th on permits that were not due*
 - *119 from FY22-23*
 - *229 from FY23-24*

Please let me know if you have any questions.

Thanks!
-Danielle

Good Morning All,

Past due inspections were discussed in our Sup meeting yesterday. Please see the attached list and prioritize inspections at the sites in your respective district. Some of the facilities may already be on your radar and on the calendar for inspection. Please coordinate assistant with Joel, myself, or each other if you need additional personnel to do inspections (especially large campuses or medical hospitals).

Our goal is to have most inspections done by the end of fiscal year, June 30th, 2022.

Please let me know if you have any questions or concerns. I will be asking for updates from all of you regarding conducting these inspections as time goes by so that I can provide updates to the other Sups.

Subject: RE: Area 4 Redistrict Project.

Hi Danielle,

I'll be glad to assist. Nice job with the spreadsheet. A few questions that came to mind.

- (1) Are All Haz Mat facilities being re-districted or only the facilities under you/your team? i.e Only districts under Area – H04 - **All Hazmat facilities under Area 4 (Riverside) are being redistrict, as well as some facilities currently under Area 1 (Corona) that will now be moved into Area 4 (Riverside). Specifically we will be taking district 5 (H005) from Area 1 (H01) and we will also take the 92503 and 92504 zip code from Area 1 (H01), District 3 (H003).**
- (2) Are current Haz Mat Facilities, being re-districted to new areas and new districts or only new districts ? i.e Currently, Arco Gas 123 is assigned to Area – H04, District -H001, and is going to be re-districted to New Area – H04, New District -H002 – **Yes, the Haz Mat facilities are being redistrict to new areas and new districts. As also described above about taking some facilities from Area 1 (Corona).**
- (3) Are inspectors being designated to new areas and new districts or only new districts? Currently, Inspector Jane Smith is assigned to area– H01, District -H001, and is going to be re-districted to New Area – H04, New District -H002 – **inspectors in Area 4 (Riverside) are only being moved to new districts withing Area 4. Inspectors will not move to other areas.**
- (4) Are we currently splitting an existing district into 2 districts? Currently, Area- H04, District -H003 is being split into Area- H04, District -H003 AND Area- H04, District -H004 – **somewhat, we have a mega district in Moreno Valley that will now be split/absorbed into another district to make up the new District 4 (H004) in Area 4 (H04).**
- (5) Is it for all Haz Mat categories/PEs in Area H04? **NO. Anything in District H21 belongs to Riverside City PA so the PE Codes which should not be affected are 5190-5194 and 5176-5178.**
- (6) What is the effective date for this change? **As soon as possible.**
- (7) Is Fiscal aware of the change? You will need to check with them if there is any impact to billing/permitting. – **I have an email in to fiscal so that I can make them aware. Thanks!**

We can meet next week and further discuss.

Subject: Area 4 Redistrict Project.

Hi Rizwan,

I am in the process of redistricting for Hazmat Area 4 (H04) in Riverside, and Nick suggested that I solicit your help in making the universal changes in EnvisionConnect (EC). Please see the attached data set which includes facility inventories for each of the new districts and the respective designated employees for the updated district assignments. District 4 will be a new district entirely, created as a result of this project. Each worksheet contains facility inventory and reflects the desired changes in Area 4 (H04) for H001, H002, H003, H004 (new district), H010, H011, and H012.

Ultimately, we will have the each district assigned to the following designated employees:

District	Designated Employee	Employee ID
District 1 (H001)	Roba McCuin	242220
District 2 (H002)	Heidi Barrios	210495
District 3 (H003)	Rosa Gallardo-Azzu	235408
District 4 (H004) NEW	Allison Buse	234394
District 10 (H010)	Joel Harris	238884
District 11 (H011)	Joel Harris	238884
District 12 (H012)	Joel Harris	238884

I would greatly appreciate your assistance in this endeavor and would be open and available to meet or discuss, if needed and when you have time.

Thank you,

Attachments: 4.6.2022 Overdue Inspections List.xlsx

Importance: High

Good Morning All,

Past due inspections were discussed in our Sup meeting yesterday. Please see the attached list and prioritize inspections at the sites in your respective district. Some of the facilities may already be on your radar and on the calendar for inspection. Please coordinate assistant with Joel, myself, or each other if you need additional personnel to do inspections (especially large campuses or medical hospitals).

Our goal is to have most inspections done by the end of fiscal year, June 30th, 2022.

Please let me know if you have any questions or concerns. I will be asking for updates from all of you regarding conducting these inspections as time goes by so that I can provide updates to the other Sups.

Subject: Inspection List

Hi All,

This is a follow-up to the request to send the super over-due inspection lists to you. It's the 'Sheet 1' which incorporates the CERS ID numbers.

If there are specific reasons why some of these are past due, let me know. I'll be asking for status updates as of June/July as these should be a priority to get done.

Thanks,
Nick

Subject: FW: Past Due Report - February 2022
Importance: High

Hi Danielle,

Please do not take action on the Verizon sites. These Verizon sites are showing up on all the Areas past due reports. Nick just hit me up about them. I've emailed Verizon so we'll see what happens. To add to this madness City of Riverside Fire recently notified me that they are waiving all the Verizon Wireless penalties under their Disclosure. So now I know Verizon is going to tell me City of Riverside Fire waived theirs, so why can't we waive ours. I've already given Nick the heads up about that but sounds like he's not willing to waive ours. We'll see what Verizon responds to me. Ultimately it's going to be Nick to say yay or nay to waiving any of our penalties.

Thanks.

Tania

Hi Tania,

I have a quick question regarding the attached list; are we supposed to take action on the Verizon sites that are past due (specifically in the Moreno Valley District (H04, H003)? They have been on the list for a few months so I was just curious. If so, I can have Rose reach out to them.

Thanks for sending out this report, Erica.

The lists continues to grow and has high balances for certain sites. Please make a concerted effort to work on your lists --as always, targeting to warn facilities that may be in jeopardy of 80% or 20% penalties. Also, conduct permit investigations/fee collection (in the field or via telephone), issuing NOVs, scheduling office hearings, and admin cites, as needed. If facilities are eligible---please offer a PRRF to waive penalties for sites that you are currently working with and whom have paid their base permit fee and the state surcharge for previous years.

Please let me know if you have any questions or need assistance with negligent/non-compliant operators.

Subject: RE: REDISTRICTING Area 1 & Area 4
Attachments: Redistricting Tentative Area 4 District 4.xlsx

Hello Again,

I am attempting to wrap this up but wanted a few more pairs of eyes on it. See the attached spreadsheet for potential/new district assignments.

Essentially, we would be taking all of District 5 from your area (H01) and the rest of 92503 & 92505 zip codes from District 3 in your area.

The table below reflects new permit numbers on each worksheet with a map of zip codes in order to look at contiguous zip codes. Am I missing anything? Is there a better way to divvy up the workload? The new districts H002 and H004 in Area 4 are really small--- does anybody see a way to make it better?

New idea*** we could potentially take some permits from Area 2 District (92570) and split zip codes but this creates the same problem we had with split zip codes in Areas 1 & 4 (92503/92505).

Subject: REDISTRICTING Area 1 & Area 4

Good Morning!

I wanted to get with you all about redistricting our areas in the near future and setting up a meeting to get a game plan. As you all know, Allison will be joining us soon here in Area 4 and she will need a proper district. Also, I want to be able to engage the appropriate personnel about the changes that need to happen in EC. I have some thoughts but wanted everyone's input on this because Gino & Michelle have some of the history of District 5 in Area 1. In that vein, I am trying to set up a time to meet--- see the link below for the doodle poll on what is a good day for a quick informal meeting with all of us:

https://doodle.com/poll/mz7cy7bx77g3mim?utm_source=poll&utm_medium=link

Also, I have already began drafting a district that would potentially be District 4 in Area 4. I started the attached excel spreadsheet to begin playing around with building a district, which includes the zip codes 92503 Un-incorporated Riverside (taken from Area 1 District 1& 3), also 92504 (taken from Area 1 District 5), as well as some zip codes in Moreno Valley to take down the mega district (92551, 92552, 92556, and 92557). So far the district is small with just 313 permits but we can always change. Please let me know if you have questions or comments regarding this. I look forward to working with you all on this project in the near future.

Subject: Area 4 Past Due Inspections/Blankers
Attachments: All Last Inspections - No Inspections 01072022.xlsx

Hey Team Riverside,

I was running inspection numbers for Area 4, as I do every month or so...and wanted to give you all the updates. Please see the attached excel spread sheet filtered for Area 4. Past due inspections are highlighted in yellow. Again, this report differs from Report 7808 because it gives an entire area view, versus just a district view; however you may still filter out your own district if you please. See the following information by districts:

Past Due Inspections

- District 1 – 72/424 = 16.9%
- District 2 – 52/451 = 11.5%
- District 3 – 42/599 = 7%
- District 10/11/12 = 4/54 = 7.4%
- **Area total = 170/1528 = 11.1%**

Blankers – No inspection

- District 1 – 35/424 = 8.2%
- District 2- 56/451 = 12.4%
- District 3– 29/599 = 4.8%
- Districts 10/11/12 - 1/54 = 1.8%
- **Area total = 121/1528 = 7.9%**

Everyone is doing an amazing job!!!! So clap it up for yourselves. I appreciate all you do in your hard work every day 😊!
Let me know if anyone has any questions about this.

Hey Team Riverside,

I was running inspection numbers for Area 4, as I do every month or so...and wanted to give you all the updates. Please see the attached excel spread sheet filtered for Area 4. Past due inspections are highlighted in yellow. This report differs from Report 7808 because it gives an entire area view, versus just a district view; however you may still filter out your own district if you please. See the following information by districts:

Past Due Inspections

- District 1 – 64/428 = 14.9%
- District 2 – 61/463 = 13.1%
- District 3 – 56/589 = 9.5%
- District 10/11/12 = 4/53 = 7.5%
- **Area total = 185/1533 = 12.1%**

Blankers – No inspection

- District 1 – 33/428 = 7.7%
- District 2- 53/463 = 11.4%
- District 3– 29/589 = 4.9%
- Districts 10/11/12 - 1/53 = 2%
- **Area total = 118/1533 = 7.6%**

Although there has been a slight increase in past due inspections percentages, we are still looking good in Area 4. Generally, we would want to keep all of our numbers below 10% and we are close. Let me know if anyone has any questions about this. Thanks for all your hard work and dedication 😊 !

Good Morning Liliana,

I have updated the plans to the tankless gas water heater per our discussion a few months ago. I already submitted to the city and attached the updated plans and corrections to this email.

Best Regards,
Joseph Dehni

Detroit Pizza Company LLC

Yes you are able. But you must calculate
gpm @ a 60° rise in Riv Co.

Also, you will have to let the city know of your changes.

Please keep in mind I'm good with a insta hot in each restroom. 1 insta .5gpm @60° rise for each sink since you have 1 sink in each restroom. But of course, a true tankless unit for the rest of the facility.

Subject: Tax Lien Letters
Attachments: Tax Roll City Submission - RIVERSIDE COUNTY - 5.6.2022.xlsx; 2022 WMI Assessment Hearing Letter.docx

Ralph,

Attached are 2 documents:

1. Excel spreadsheet that is used for the mail merge for the tax lien letter
2. WMI letter
3. Final merged letter – this is the one that has the zero dropped from the dollar amount due

So the issue we are having is that any account that ends with “zero” drops from the mail merge, i.e. \$505.20 shows as \$505.2.

Can you please take a quick glance at the attached files and see why that might be happening? Let me know if you need to call me so we can discuss. Thanks for your help.

If you want to send it out as an announcement, I will get them printed up and ready to go. As for Reed, I think we should have Eric formally reply to him that the county has given its analysis and addressed his demands; any further inquiries would need to come from Reed's attorney. Otherwise he will keep on.
My 2 cents anyway

Hi Ting,

Please see the attached responses and updates, including the updated grading plan. Please confirm receipt at your earliest convenience and advise of your anticipated timing to complete your final review. As a friendly reminder, the building plans have been approved and we've had to request a couple of extensions to complete this environmental review. Anything you can do to expedite this final push is greatly appreciated.

Please feel free to contact me if you have any questions.

Hello Dimitrius,

Please utilize the most recent revision of the grading plan. I anticipate any corrections or revisions afterward should be minor and may not affect the over lay of the land. Final finishes should easily be referenced so that total fall required for underground plumbing can be calculated. In short if you remap your proposal on to the grading plans it should be sufficient provided there are no major grading revisions.

Hope this helps!

Hi Ting,

Comment 4a states "Site plan shall be illustrated on the approved grading plan (BGR2300251) drafted by Core Civil Engineering, Inc." To confirm, do you need an updated grading plan for your review or are you just noting that the approved grading plan will have to reflect the adjusted site plan that we have shown in this report?

Due to sequencing issues between departments, we're hoping to avoid additional expenses if additional changes are requested in this Environmental review. I've placed the grading review on hold until we get your approval.

Hello Dimitrius,

You are absolutely correct. From initial glance it was observed to be two conventional systems. We do not conduct full reviews until fees have been paid to do so. If these are both ATS's then it would be considered. Please provide the proof of established water source so that we may be able to supply you with such a fee request.

Best regards,

Error! Filename not specified.

Sent: Tuesday, May 23, 2023 3:18 PM
To: Landuse <Landuse@RivCo.org>
Subject: Re: Land Use - Environmental Health Septic 1st Submittal

Thank you for the additional information. I am working with EMWD to demonstrate the establishment of water service.

Regarding the septic design, our project is designed for two ATSs. The 2022 Riverside County LAMP (local agency management program) allows for the proposal of additional dwelling units stating that:

Additional units that do not comply with a minimum density requirement of 0.5 acre per dwelling unit will be required to utilize an ATS.

Error! Filename not specified.

The 2022 LAMP continues to explain that the density can be increased to more than a single dwelling unit per .5 acre but not more than a du per .25 acre. With the proposed structures, this project is within this specified limit. It also does not specify a system per unit, rather all structures must connect to **AN** ATS.

Error! Filename not specified.

I recall the ATS design is why Ryan agreed that the design was OK at the time that I visited the Environmental Department in person. Please confirm my understanding of the above.

I will follow up with the EMWD documentation as soon as possible.

Hello Dimitrius,

Thanks for taking the time to speak with me in regards to this submittal.

Please provide documentation that shows established water service. A SAN 53 will serve document is not sufficient to demonstrate establishment of water.

On the site plan I've observed two proposed septic systems but one issue is that there are also ADUs and guest quarters that may have separate dwelling permits. Under the 2022 Riverside Count LAMP (local agency management program) we require a single septic system to connect to

each dwelling. In order to provide more detailed comments in regards this issue we will need to spend more time to assess the full scope of this project.

As such please provide documentation for water connection so that we can provide a quote to initiate this plan review.

Should you have any additional questions please feel free to reply or give us a call.

Best regards,

Greetings,

We have received your submittal, unfortunately, we are not able to click on links for external websites. Any documents submitted for review must be in PDF format as attachments.

Please address the following so we can proceed with your pre-review:

1. Re-send your submittal with PDF attachments only.

When submitting the above requested items, resubmit all previously submitted documents as partial resubmittals are not accepted and will delay your project review.

Disclaimer:

- Project review shall not commence until the application has been deemed sufficient for initial submittal and the appropriate fees have been received and processed by this Department.
- Information provided herein should be considered preliminary only unless explicitly indicated as the final determination.
- Additional requirements shall apply if proposing a project with additional waste flows and/or increase wastewater strength including but not limited to Accessory Dwelling Units (ADUs) and/or Junior Accessory Dwelling Units (JADUs).
- Additional requirements shall apply if proposing to receive potable water from an onsite water well.
- The Department of Environmental Health (DEH) reserves the right to regulate in accordance with all applicable regulations should the information submitted to DEH indicate the requirements.
- For up-to-date information regarding your project status, please contact the designated Land Use Staff assigned to the project.

Thank you,

We designed this class for owners struggling with the all-too-common problem of leash reactivity. If your dog lunges, barks excessively or becomes outrageously excited at the sight of other dogs while on a leash, then this class is for you! **This class does not work on any off-leash aggression issues or progress to off-leash interactions among dogs.**

(6 Weeks for \$650) Perfect for dogs that need help with reactivity. We'll teach responses to distractions and better focus on walks.

Starting Wednesday 02/12/25 at 4PM (First class no dogs)

From: DTSC_JEModel <DTSC_JEModel@dtsc.ca.gov>
Sent: Wednesday, March 13, 2024 2:19 PM
To: Von Ryik, Veronica; Shaffer, Gregory@DTSC
Subject: Fw: DRAFT DTSC-updated Johnson and Ettinger Model spreadsheet for beta testing
Attachments: DTSC JEM_2024_BETA_20240312.xlsm; Checklist Form_DTSC JEM 2024_BETA_20240312.docx

CAUTION: This email originated externally from the **Riverside County** email system. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe.

Greetings, Vapor Intrusion Practitioners,

DTSC is sending the attached DRAFT DTSC-updated Johnson and Ettinger Model (JEM) spreadsheet to the JEM Workshop registrants in the upcoming AEHS conference, to seek feedback on the DTSC JEM spreadsheet before general release. We value your input and would greatly appreciate your time and effort to "beta test" the model and provide initial feedback during the Workshop on March 18. The Workshop Q&A session will be followed by an "office hour" during which you may ask questions and provide feedback to the presenters.

As noted in the README tab, **the DRAFT JEM spreadsheet is a beta version, and as such will not be accepted as a line of evidence (LOE) for projects under DTSC oversight at this time.** Below is a list of updated and new features that were modified by DTSC and differ from the 2017 USEPA JEM spreadsheet:

1. Include toggle to use USEPA or CalEPA default toxicity values and building factors:
 - CalEPA toxicity values consistent with California Toxicity Criteria Rule
 - CalEPA building factors consistent with DTSC 2011 guidance (Appendix D)
2. Correct the programming bug in the USEPA spreadsheet regarding the calculation of risks associated with TCE exposure for commercial workers:
 - Removed age-adjustment factors for workers
3. Debug soil vapor concentration plotting routine:
 - Modified to show changing concentrations within capillary fringe (groundwater source scenario only)
4. Include a toggle for capillary fringe models (single layer versus discretized layer):
 - Added a discretized model based on van Genuchten moisture retention profile to simulate transport across the capillary fringe
5. Fix errors ("#VALUE!") on dropdown menu of building parameters for the Commercial crawl space (w/ slab and w/ dirt floor) scenarios.
6. Update the changes and references in the "README" tab of the workbook.

General Guidelines for Beta Testing

- Review the instructions for spreadsheet use (Lines 12-26) and a list of DTSC updates for JEM Workbook/References (Lines 66-80) in the "README" tab.
- Use the attached Checklist Form to facilitate review and submit your comments; focus review on the updates listed above, including coding changes, updated input parameter values, accuracy and ease of use on modified/new features.
- We are NOT seeking comments on applicability/limitations of the model at this point; DTSC is evaluating how the model should be used and will provide additional guidelines in the future. **The DTSC DRAFT JEM spreadsheet will not be accepted as a LOE for projects under DTSC oversight.**

- Review Period: Please provide comments/questions by emailing the Checklist Form to: "DTSC_JEModel@dtsc.ca.gov" (DTSC_JEModel@dtsc.ca.gov) by **April 15, 2024**.

We look forward to your review and timely feedback. Please also use the contact information "DTSC_JEModel@dtsc.ca.gov" (DTSC_JEModel@dtsc.ca.gov) listed in the "README" tab if you have additional questions.

Godod day Sarah,

I'm reaching out regarding the invoice for one of our facilities. We have not received for Nordstrom Inc 584 and after speaking with one of your colleagues they mentioned you would have to complete some document in order to update the mailing address for the billing. The below address has been updated in CERS for the past year and a half.

We would appreciate your assistance.

Best,
Enkomo

Good Morning Sarah,

I was going to reach out to you this morning, I've seen the "under Review" status emails come in from CERS. To answer your question, the only changes that were made were to align all our stores to our Sr Manager of Hazardous Materials Curtis Patton as the site's billing contact section. That way we can have all permits/invoices centralized. Addition to that, I was going to go in once again because the contact information was recently updated for Carlos.

Would you let me know the best contact number for you and the best time we could discuss.

Best Regards,

Hi Carlos,

I'm reviewing the CERS submittals for Nordstrom Inc 411 located off of 2660 Canyon Springs Pkwy in Riverside. I noticed that some facility information changed, including business owner location, billing contact information, property owner, etc. Was there a change of ownership at this location earlier this year?

Thank you,

Subject: SPY Reports

Hi Roselyn,

Can you help me obtain paid reports for Secured Prior Years that will serve as back-up for the monies distributed to us last fiscal year (Feb 2019 & July 2019)?

Perhaps a report similar to the reports we used to get (sample attached.) I've tried running my own on your new database, however it also includes PIN's on payment plans. Our fund #'s are:

68-0003

68-0007

68-0008

Your assistance is greatly appreciated.

Thanks,

Olga

Subject: HEAP/HMBP Robot - April 2024 Run

Hi HEAP Team,

In anticipation for our HEAP/HMBP Robot meeting tomorrow, 4/16 at 8:30AM, I wanted to solicit if anyone who is attending the meeting would like to take a try at running the CERS submittal listing to generate the CERS Preliminary list? Let me know.

Also, Chris, were you able to follow up on a few of those errors from the last run to see what happened and prevent it from happening again? Just curious.

Additionally, there were nine (9) facilities from the NOV2 list from last month that we did not receive a signature back with confirmation that they received their NOV2 letter. I have listed those facilities below and the plan is that we don't move forward with enforcement (AEO) with those facilities; instead we put them on the NOV2 list again and attempt another delivery---even hand deliver, if necessary.

Hi Kelly,
Will you let me know what to charge for this one. The guy is getting impatient. 😊

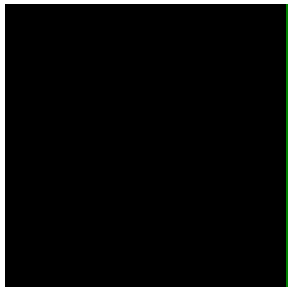

Thank you,

****Please Note****

Please be advised that credit card transactions will be temporarily unavailable online from **June 18, 2025, through June 30, 2025**. This includes e-check services.

Additionally, in-office credit card services will be suspended from **June 25, 2025, through June 30, 2025**. Regular service will resume in both online and in-office locations on **July 1, 2025**.

We sincerely apologize for any inconvenience this may cause and appreciate your patience and understanding during this time.

Hi Jess,

This application says this is a resubmittal of approved plans but all both 3 FPs show rejected. I found the approval letter in the Reports folder, for FP0002142 and updated HS with the approval date. Please let me know what to charge them.

Thank you,

Denene Elmore

I sent La Quinta before Perilous so the attachments may have been too large. I will send it in 2 separate emails.

Thank you,

Hello,

We have not received the application or full set of plans. Before the plan check process can begin you need to submit full plans, the attached application and pay the plan check fee of \$689.00 after we receive the preceding information. I've cc'd Jeff Lojeski, the plan checker, to answer your questions.

Thank you,

Good morning Denene

I hope that you had a great weekend and off to a great start of the week

I am pretty sure I have completed the application for the food truck, I was curious to know if I would be able to set up some time to meet with you to ensure that everything is correct so we can continue to move forward.

Also another question how does it work for you to inspect the truck? Should I bring the truck to you or do you prefer to come here to the property?

Thank you for your assistance and I look forward to hearing from you soon

Subject: RE: La Quinta Resort and a Mobile Food Truck

Hello Andrew:

That sliding could either be fixed closed, or set to open and close like a sliding door; it's up to you. The code requires a physical partition between the driver cab area and the kitchen, so it needs to be shut while you're operating. That's the reason why it was installed.

As far as the Emergency Exit, that is not set by my Dept. That is set by the Housing and Community Development Dept from the State of CA, which licenses any occupied truck or trailer you stand up inside to do business. Whatever exit they designated as the Emergency Exit is the one that has to stay that way, and it has to be labeled as such. We don't get involved with any of that.

As far as using the Resort as your commissary location, I would first need to get clearance from our Indio office that inspects your resort, and then, in addition:

1. Written clearance from the water district servicing the resort that it is OK to discharge your wastewater into the facility's sewer stream. How you do this is up to you and the water district.
2. Written business plan on how you would dump the waste tanks.
3. You'd have to install a dedicated (only for your mobile) water fill line at the facility to fill the freshwater tanks. If it's outside, it'll have to be installed at least 3 feet off the ground and be protected from the elements by a lockbox.
4. Provide either an electrical outlet at the site to power the refrigerators when not in use, or dedicated refrigeration inside the restaurant just for the mobile.

I'll contact our Indio office to get the ball rolling on my end.

Subject: RE: La Quinta Resort and a Mobile Food Truck

Good afternoon Jeff and Denene
Thank you for the quick response
I have attached the menu, The truck would never leave the La Quinta Resort Property, we would only operate it on our property.
I have a question, there used to be a sliding door behind the driver to get into the back of the truck, LA county health department made him close it up and open an emergency exit on the roof.
My question is is that the driver still has the sliding door and I was curious to know if the truck will still pass inspection if we open the door back up and install the sliding door back on. I think it would be safer to exit from the front of the truck vs climbing onto the roof.
As for the commissary, we would allocate a space on property in our main kitchen with a walk in cooler to build up the food required to execute on the truck. Would that be acceptable for a commissary kitchen on property?

Hello:

I don't see any red flags with that. You would be required to submit those full plans, plus a full menu, to start the process. If you want to submit them electronically, you may contact Denene Elmore, who is on copy to this email. Otherwise, you can walk in 2 full sets of the plans, plus the menu, to our Indio office. The plan check fee is \$689.

This would require operation to and from a valid commissary location, so the unit would still have to remain mobile, even if it is only vending at the resort. As far as where and when you can vend once you get our permit, is between you and the local city you want to vend in, so I would suggest getting ahold of them.

Let me know if you have any further questions.

Good afternoon Mr. Lojinski

My name is Andrew Cooper and I am the Executive Chef at La Quinta Resort, I left a voicemail for you but I figured it would be a lot clearer if I sent you the information so you can see it.

We recently went to go visit a Food truck for sale in the LA area but before we went any further we wanted to get our local health department involved to ensure that it would be able to get approved for working out in La Quinta at the La Quinta Resort.

I have attached the floor plans as well as their recent permits but we wanted to get you involved before anything else. When you have a moment if you could be so kind as to give me a call or email back with any information that would be greatly appreciated.

Thank you for your assistance and I look forward to hearing from you soon

Good afternoon,

Beech-Nut Nutrition Company, an Amsterdam, NY establishment, is recalling Single Grain Rice Baby Cereal due to the presence of inorganic arsenic above guidance levels.

Product Identification	Affected Dates
<u>Beech-Nut Stage 1, Single Grain Rice Baby Cereal</u> Size/Packaging: Canister UPC: 52200034705 Product Codes: 103470XXXX and 093470XXXX (found at the bottom of the Beech-Nut Single Rice Cereal canister)	Expiration Date: 01MAY2022 (found at the bottom of the Beech-Nut Single Rice Cereal canister)

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit [Beech-Nut - Single Grain Rice Baby Cereal 06/08/21 \(ca.gov\)](#)

If you choose to perform any **retail site visits** in order to conduct recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Carolinn,
Can you please forward me the report for Tacos Del Valle? Mark can you please send me your closure report as well?
Thanks.

Jenay,

The only place missing from the list was Tacos Del Valle in Cathedral City. They were also downgraded.

Hello Sups,

Please review the Closure List attached and let me know if there is anything additional for your offices by 4:00 pm.

Check the list for accuracy and report any of the following:

1. Any food facility closure or reopening that didn't make the list
2. Any food facilities that were placed onto probation
3. Any food facility closures on Thursday (please attach report if available)

When reporting additional facilities please provide me with the following:

Food Facility DBA: Tacos del Valle

Address: 68467 East Palm Canyon, Cathedral City

Date of closure: 7-25-24

Reason for closure: downgraded while on probation

Date of reopening if applicable:

Tyler and Doug – same drill for the downgrades and closures in your areas.

Thank you!

Subject: Miss You All
Attachments: NYC Legionella OB.pdf

Since I am in training most days I miss chatting with people. Here are a few things:

- 1) Sophie is looking forward to helping with the tobacco decoy program. She has Spring break the week after Easter so Tuesday April 19th would be a good day for her to work. Not sure if that day or another works for Shana or Carolinn given all that going on at this time but let me know. They have random days off all the time for teacher days off/staff development.
- 2) Market Night would be good training and I would like to join everyone but it depends on where we get too this week in training. I am going to check with staff here to see if I can cut out to get back to the desert by 4:00 or 5:00 or whenever we start. I probably won't know my status until Thursday.
- 3) I feel bad I can't help more with the Legionella stuff. I was starting to do a casual review of the literature on past outbreaks for us (and me) since I haven't looked at it in a while. One thing stood out was that in past investigations they had a public health laboratory involved that had both a culture of Legionella from the case(s) and then received all the environmental samples. This not only helped with the cost but allowed for a broad sampling plan. Ultimately, since one lab was handling both the case isolates and the environmental samples, they were able to do genetic analysis on them they were able to match (in several investigations) the human case isolates with specimens from the environment. That coupled with the epi investigation pointed to a very strong link to a specific environmental source, Without CDPH or another lab filling in this role, Carolinn is correct; you find a bunch of ubiquitous Legionella but you never know what was or is causing the cases. Attached is the NY legionella OB that was traced to a cooling tower. An example of some good epi and EH work (and some luck). Good luck to all taking this on. The public will appreciate your dedication!

Subject: RE: Permit Workbook 11.13.24, 11.14.24
Attachments: Permit Workbook 11.13.24, 11.14.24 EC received 11-15-2024.xlsx

Good morning,

I'll discuss with Esther tomorrow but we are not going to make any corrections to the permit to make it valid. Per my last meeting with Vanna and Johnny, Fiscal to correct if discrepancy is due to export from EC or site OAs to correct if due to incorrect entry. This will ensure that accurate information is entered in the system.

Also, ISS instruction is noted by Vanna in the worksheet under "Instructions". See below. Adding Greg and Johnny so we are all on the same page. I'm hoping that these issues will be resolve by the "batch permit" once it goes Live.

	A	B	C	D	E	F	G	H	I	J
1	Steps:									
2	1 Open workbook named 'Permit Workbook' located here:									
3	Q:\DEH_Fiscal\HealthSpace\Vanna's testing\[Permit Workbook.xlsx]									
4										
5	2 Save the workbook as a copy with the naming convention 'Permit Workbook_XX'.									
6	XX = your initials									
7										
8	3 Go to 'Permit Report' tab.									
9										
10	4 Filter under column A (Print Permit? YES ONLY) for "YES".									
11										
12										
13										
14										
15										
16										
17										
18										
19										
20										
21										
22										
23										
24	5 Filter under column B (Team Gina/Johnny) for your team's name.									
25										
26										
27										
28										
29										
30										
31										
32										
33										
34										
35										
36										
37										
38										
39	6 Place an "X" in column C (Mark 'X' for Done) if printing has been completed.									
40										
41	7 Save your file.									

Thank you!

Gina

Good afternoon Esther,

Please see the attached. For future permits, feel free to correct any errors that occurred from improper importing from EC.

It is highly unlikely that a governmental agency (city) would go OOB. Financial Account tab shows they made a payment last Wednesday.

Thank you for catching that.

Subject: Permit Workbook 11.13.24, 11.14.24

Good morning Esther and Gina,

Please see the report for 11/13/2024 and 11/14/2024.

[Q:\DEH Fiscal\ HealthSpace\Vanna's testing\Permit Workbook 11.13.24, 11.14.24.xlsx](#).

We finally finished processing the backlog for ERM and HazMat for October. So this report is relatively larger than usual.

Can you add the ISS instructions or procedures to the file? There is a tab for Fiscal Instruction and a tab for combined instruction. But it would help if you could include the instruction on how to complete your section in a separate tab.

Thank you,

Olney, Ryan

Good afternoon,

This is your opportunity to change roll over Purchase Orders (PO's) to non-rollover or regular blankets or leases to roll over. Please review your program (business unit: **EHARC**) PO's on the attached list and submit a PO Change Request Form by **Thursday, April 19, 2018** if you wish to change the type. Send your change requests to **Patricia Mendoza (Not Mark Whitesell)** so that she can reconcile for the entire Department. You may also scan and email them to: **PatriciaMendoza@rivco.org**. Keep in mind that the rolling of a blanket PO to the new year is subject to some restrictions such as sole source or contract expiration dates. All other Purchasing rules and regulations apply as well. Please note that Patricia will be sending out Blanket Purchase Order form for renewal as well for FY18/19.

Let me know if you have any questions. Thank you!

Subject: Year-End - Blanket PO Rollover

Good afternoon everyone,

Year-end is fast approaching and it is time to begin preparation for the new fiscal year. It is time to review your Blanket PO's that are expiring with the end of the fiscal year.

Please review the attached "Year-End Blanket PO Memo" as well as the "Blanket PO Report" and follow the instructions to renew or to discontinue your department's Blanket PO's .

Please feel free to contact me if you have any questions.

Thank you,

Dirk Buesing, MBA
Business Process Analyst II
County of Riverside
Purchasing & Fleet Services

Good morning Ingrid,

Mike brought me the list you gave him today. 3 of those vehicles are for our division of Environmental Health. 05-380, 07-361, and 14-339. I have notified the supervisors so they can get the vehicles in.

I was just told 05-380 has already been taken in and done.

Gina Fabricante usually handles things in fleet at this level. I have included her on this email so she can let the other divisions know to take care of the vehicles.

Thank you and have a wonderful day!

Hi Edina,

- 1) There is potential for encountering groundwater in this deeper boring (A-23-001)
- 2) We do not plan to have the boring(s) open for more than 24 hours.

Thank you,
Kamran

Hello Kamran,

Will the borings encounter groundwater, specifically boring A-23-001? If so, will those boring(s) be open for more than 24 hours?

Thank you,

Good morning Diana ,

Happy New Year too!

Apologies for the delay. We had to rush a lot of other permits related to this project towards end of 2023.

With regards to the last email below, please see attached revision on these two sheets. Let me know if there's anything else.

On the other hand, client is still looking for the Fuel Contractor who will be doing this job, so I don't have the info yet of the fueling sub paper works you need.

Thank you!

Hi Florentino,

Yes, please see the comment on page FS-1.0 page F-3.0

Mainly, the spill buckets are phil-tite and the drop tube listed is OPW. Usually, a phil tite spill bucket will go with a franklin fuel defender series type of drop tube and an OPW drop tube would go with an OPW spill bucket. Can you verify if these two parts are compatible?

Good morning Diana,

Hope you had a good long weekend. Sorry for the confusion on my last email below.

What I meant is, if you can markup the Fueling plans we re-submitted per your comments (**highlighted** below), so I can coordinate this properly as they are technical in nature.

Thank you

Thanks Diana for the reply.

Is it possible to send redlines on the plans for the comments you mentioned below?

With regards to the fueling contractor's license and info, our client is still getting bids as of this moment. Once they have this, will forward to you.

Subject: RE: PC 23-079 RE: Lake Elsinore Travel Center - New Construction/Installation (PC #23-079/SR0058212)

Good morning Florentino,

I just had a few questions about the plans. I emailed you on 5/15/23. You had mentioned you were going to look into that? Sorry, if I missed your response.

Is the facility still planning on using Audible/Visual alarm for the main overflow protection equipment? I do see the plans indicate drop tube OPW 71SOM will be installed. It would be better to make these the main OPE due to new LG 150-3 requirements. Also, just double checking on compatibility with OPW drop tube and Phil Tite spill buckets?

Is the facility ready to provide contractor's license with General A and HAZ classification, ICC UST installer certification, certificate of financial responsibility and manufacturer training certificates?

Thank you,

Diana Garcia

Subject: PC 23-079 RE: Lake Elsinore Travel Center - New Construction/Installation (PC #23-079/SR0058212)

Hi Florentino,

I am re-reviewing the plans that Michelle approved 5/12/2021 (previously PC 21-036).

Is the facility still planning on using Audible/Visual alarm for the main overflow protection equipment? I do see the plans indicate drop tube OPW 71SOM will be installed. It would be better to make these the main OPE due to new LG 150-3 requirements. Also, just double checking on compatibility with OPW drop tube and Phil Tite spill buckets?

Is the facility ready to provide contractor's license with General A and HAZ classification, ICC UST installer certification, certificate of financial responsibility and manufacturer training certificates?

More information on LG 150-3 found here.

For many commonly used ATG systems, when an overflow alarm is activated for one UST, additional overflow alarms for other tanks will not activate if the alarm for the first tank has not yet cleared. This effectively eliminates overflow protection for all but one tank if multiple tanks are filled at the same time. This condition must be reviewed by the service technician during installation, repair, and every 36-month overflow equipment inspections. Systems that only can activate external alarms when the first UST overflow condition occurs must be noted as failing the inspection and additional actions must be taken to ensure each UST has a functional overflow prevention independent of the other USTs at the facility (i.e., installing a separate alarm unit or other appropriate OPE equipment for each tank).

Florentino,
Please see the attached processed application for the UST **Installation [5 USTs: 20k 87 + 21k Split (15k DSL & 6k Racing Fuel) + 20k Split (12k E85 & 8k 91)]** for the above referenced site. A total of \$3,092.00 was processed on 5/3/23 – **check #2049**. In all future correspondence, please refer to the new plan check (#23-079) and service request number (SR0058212) that has been assigned.

Diana Garcia in the Corona office will be reviewing the submittal and will follow up with you should she have any questions and/or need any additional information. She has been copied in this email.

Diana – I have attached the processed application/receipt to this email. The full permit package as prepared by Karaki/Western States, Inc, has been uploaded to the corresponding Dropbox folder. Please review and approve at your convenience and email Florentino Mendoza [Private Information] should you have any questions and/or once plans have been approved.

Thank you,
Kim

Good afternoon Florentino,

Unfortunately, we are unable to grant an extension for PC# 21-036/SR0050470 due to the fact that an extension has already been granted.

In an effort to reduce the workload on your end new plans do not have to be submitted provided no changes or modifications have been made to the original plans.

If changes have been made then please submit the new plans for approval.

New permit/Plan Check fees will have to be paid and a new Plan Check Application (attached) will have to be submitted prior to the plans being approved.

The total fee for 1 tank and 2 split tanks is: \$3,092.00. If you pay by credit card there will be a \$73.28 convenience fee.

Email your completed application to USTPLANCHECK@rivco.org. You will be contacted via phone by this Department for the payment of fees.

Fees must be paid before the application can be processed and the plans approved.

Regards,

Gino Monterroso, CHMM, REHS

Good morning Michelle,

Hope you had a good weekend.

Just wanted to ask for your assistance on the extension approval we got from you last year (per last email communications below with Ray Ojeda).

Ray who is previously working on this from our end is no longer here and I'm currently handling this project.

The project got some delays and is now on-going final steps to get Grading permit release soon. On this regard, please advise how we can request extension of the Fueling Hazmat approval (per attached).

Thank you in advance with your assistance on this matter.

Thank You

Environmental

Comments are pending submittal of Caltrans requested environmental information for our review.

General

1. Add the following label "CALTRANS PERMIT #08-21-6-MC-1388" to all plan sheets, within the bottom right hand area of the plans, and add to all reports and documents related to this permit review. Always include the permit tracking number in all permit related communication.
2. This permit requires the submittal of Payment & Performance Bond. Forms and amounts will be provided at subsequent review cycle(s).
3. The due date for your next electronic resubmittal is **January 30, 2022**.
4. Please remove all AutoCAD SHX Text comments from the plans PDF files (if any), before emailing them or posting for download.
5. Please provide your responses to the above comments, directly below each of the above comments.

Cost Estimate

1. Provide an updated Engineer's Cost Estimate for all proposed work within the State Right of Way only. Include cost for traffic control and add a contingency.

General

1. Add the following label "CALTRANS PERMIT #08-21-6-MC-1380" to all plan sheets, within the bottom right hand area of the plans, and add to all reports and documents related to this permit review. Always include the permit tracking number in all permit related communication.
2. This permit requires the submittal of required Payment & Performance Bond. Forms and amounts will be provided at subsequent review cycle(s).
3. The due date for your next electronic resubmittal is **January 24, 2022**.
4. Please make remove all AutoCAD SHX Text comments from the plans PDF files (if any), before resubmitting back to Caltrans.
5. All final permit plans must have the City's approval.
6. Please provide your responses to the above comments, directly below each of the above comments.

Best regards,

Mandeep Kingra

Hi Ray,

Thank you for reaching out.

I can give a onetime 1-year extension for new installations. Could you provide the e-mail thread or some sort of documentation showing that permits are being held up with other agencies? I will grant the extension once that is provided.

Thank you,

Michelle Suh, MPH, REHS

Michelle,
Can you please respond to Ray Ojeda regarding the permit extension for PC 21-036/SR0050470?

Thank you,
Kim

Hi Kim,

Good day. I want to circle back to your e-mail dated 05/12/21 with an approval from your department as shown below: _

PC #21-036/SR0050470

Approved: 11/12/2021

Expire: 05/12/2022

Due the impact of this Covid 19 we have not started our construction yet, and per the date stated on the compliance notes below, the work must begin

within 6 months of this stamped approval date. That being said, we hope you could give us an extension as we wrap up the remaining approval from the

other agencies. We appreciate if you could renew or issue us an extension of this approval notice.

Sincerely,

Ray Ojeda | Project Manager

CUPA COMPLIANCE NOTES

Work Must Begin by 11-12-21

Plans Expire 5-12-22

New tank construction and upgrades must begin within six (6) months of stamped approval date and be completed within one (1) year of stamped approval date for plans to remain valid. Any changes made to the original approved plans must have a written addendum submitted & approved by this Department. The addendum(s) may be subject to an hourly charge for review and approval. A stamped, approved set of plans shall be on site at all times. Plan extension may be granted if requested before the plan expiration date.

Site inspections with the County of Riverside Hazardous Materials Management Branch (HMMB) shall be scheduled a minimum of 5 business days in advance.

Cal/OSHA adopted the Federal OSHA Safety Standards pertaining to protection of workmen in excavations. Ensure any required construction/excavation permits are obtained. Ensure any required shoring or sloping is in place prior to the tank set.

The contractor performing the work shall maintain a General "A" and "HAZ" Classification on their CSLB license. **Prior to starting work the contractor shall provide a copy of their CSLB license, Certificate of Liability Insurance, ICC and Manufacturer's Training Certifications to the County of Riverside HMMB.**

The underground storage tank system(s) shall be compatible with the product to be stored. The tank construction/testing shall be in accordance with nationally recognized codes. All continuous monitoring equipment shall be on the State's approved equipment list and all equipment shall be approved for use with the continuous monitoring system. All materials to be used (piping, couplings, sealants, adhesives, resins, etc.) shall be compatible and used as per nationally recognized codes.

The Hazardous Materials Management Branch shall inspect tank systems at four (4) separate construction phases:

1. Setting of tanks.
2. During primary piping NFPA 30 testing (hydrostatic or pneumatic testing of lines for 30 minutes).
3. During secondary containment testing in accordance with manufacturer's guidelines.
4. At the final. To include testing of the leak detection system (Full monitoring certification).

As per AB 1702, before the underground storage tank is placed in use, the UST shall be tested after installation using one of the methods in Health & Safety Code 25290.1(j) to demonstrate that the tank is product tight. According to the State Water Resources Control Board (SWRCB), ELD is the only approved test method at this time. The UST will be tested after installation, before it is placed into use, using enhanced leak detection (ELD). If the results of post-installation testing indicate that the UST system is leaking liquid or vapor, the owner or operator must take appropriate actions to correct the leakage, and retest the system using

Is that on 1790 w hobson way ?

We had approved plans but they have expired sometime ago, no one ever called for inspection.

Hi Tracey,

Did BB Travel Center ever submitted plans for their remodeling mg of the facility. They remodeled back in 2020. They said they did and someone came to check but it doesn't look like it was planned checked

In comparison this is a much better air balance report.
You can see the actual certification of the unit.

I recently discovered that AHP and MLS have the same last name Barcus. This is why I was getting confused.

Hello Brian,

Attached are your approved set of stamped plans for the Indio COD.

Under this approval there is to be no cooking or preparing of food items. You will received a second email that contains your construction permit with conditions.

If you have any questions please call me at 760-863-8287.

Thank you

Tracey Ford

To: Ellis-Merki, Dottie <DEllisme@RIVCO.ORG>; Albietz, David <DALbietz@RIVCO.ORG>; Blum, Dan <DBlum@RIVCO.ORG>
Cc: Wilder, Lynne <LWilder@RIVCO.ORG>; Jones, Keith <KJones@RIVCO.ORG>
Subject: RE: Sunlight Bowling Center

Hello,

Dave is correct with the dates.

Prior to them submitting plans, Kelly Amon did an onsite inspection of the facility and from her inspection determined the facility would require a full set of plans. I do have copies of Kelly's photos taken from her onsite inspection if needed.

I have attached the rejection notice from April 72, 2017. They had submitted hand drawn not to scale plans. The plan check construction guidelines were not followed. There was no equipment schedule or finish schedule submitted. I emailed them the rejection notice on 4-27-17. They came to the office to pick up the rejected plans on 6-6-17. I have not heard anything from them since this date. There has been no plans resubmitted.

Thank you.

The reporter is calling Land Use himself ☺

I will pass this info along though.

Thanks again!

Dottie

Sunlite Bowling Center (SR#38372) Submitted plans on 3/27/17 and where rejected on 4/27/17 (see attached). Per the report it seems that the plans are stuck until they get clearances from Land Use...plus typical plan corrections.

Maybe Land Use give you additional info?

Subject: Sunlight Bowling Center

Good morning

I received a call from the Palo Verde Valley Times. He is doing a story on the Sunlight Bowling Center. Apparently they are trying to reopen after being closed for a couple years. They haven't been cleared by our department (or others it sounds like)

Can you please let me know what the issues are, the dates they have submitted, when we rejected plans, any resubmissions etc.?

I need the info asap.

Thank you

PLEASE NOTE NEW EMAIL ADDRESS AS OF DECEMBER 2016.

Hello,

Dave is correct with the dates.

Prior to them submitting plans, Kelly Amon did an onsite inspection of the facility and from her inspection determined the facility would require a full set of plans. I do have copies of Kelly's photos taken from her onsite inspection if needed.

I have attached the rejection notice from April 72, 2017. They had submitted hand drawn not to scale plans. The plan check construction guidelines were not followed. There was no equipment schedule or finish schedule submitted. I emailed them the rejection notice on 4-27-17. They came to the office to pick up the rejected plans on 6-6-17. I have not heard anything from them since this date. There has been no plans resubmitted.

Thank you.

The reporter is calling Land Use himself ☺

I will pass this info along though.

Thanks again!

Dottie

Sunlite Bowling Center (SR#38372) Submitted plans on 3/27/17 and were rejected on 4/27/17 (see attached). Per the report it seems that the plans are stuck until they get clearances from Land Use...plus typical plan corrections.

Maybe Land Use give you additional info?

Hi Sharita,

I am no longer seeing duplicates in Vector Sites Inventory, thank you!

However, I started checking other utilities in HS for duplicates and found about 400 duplicates in OWTS Inventory (See attached) and 1 duplicate in Planning Cases (PAR240035).

Can you work your magic for these utilities as well?

Thank you,

Hi Daniel,

This issue is reported and being investigated.
We will keep you updated as progress is made.

On Mon, Jul 15, 2024 at 11:36 AM Young, Daniel <DYoung@rivco.org> wrote:

Good morning,

We have a rather concerning issue that has come to light. A large number of active records in our Vector Sites Inventory have been duplicated (screenshot attached). This was first observed in the system around 7AM today (July 15). Oddly, inactive records have not duplicated. Presently we cannot distinguish between our original records and the duplicate ones.

Please advise. This is an urgent matter, field staff log time to these records daily.

Thank you,

Hi Kevin,
I'm doing good thanks, I hope for you as well.
That's a tough one, we don't have the Walgreens and Rite Aids separated in their own category like that.
I'm in a conference/training today, so I am going to have you work with our Special Projects supervisor, Ralph Fregoso, on this one.
I have Ralph on copy to see if his team can help with your request.
Good luck!
Brent

Subject: Food Facilities List

Hey Brent!

I hope all is well with you!

A few years ago we had gotten a food facilities list (see attached) from an analyst in EH and I was wondering if you could put me in touch with someone who could re-run a list for me.

What we are trying to do is get a list of all the pharmacies with address and contact info for Riverside County for use in vaccine distribution planning. I know that most of the pharmacies have food so the EH list should be perfect for this.

It's a bit urgent so thank you for any help you can provide,

Kevin

Subject: Local Notification - Mondelēz Global LLC Recall

Good morning,

Mondelēz Global LLC, an East Hanover, NJ establishment, is recalling Certain Ritz Cracker Sandwiches and Ritz Bits product due to possible *Salmonella* contamination.

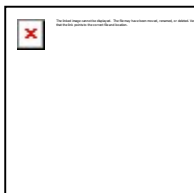

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please see attached product list and visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/July2018/fdbFrMON5n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,

Mary

Subject: Local Notification - Mondelēz Global LLC Recall

Good morning,

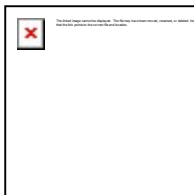

Mondelēz Global LLC, an East Hanover, NJ establishment, is recalling Certain Ritz Cracker Sandwiches and Ritz Bits product due to possible *Salmonella* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please see attached product list and visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/July2018/fdbFrMON5n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,

Mary

Mary Buan | Food Recall Coordinator, Food and Drug Branch | California Department of Public Health | 916.650.6607 p | 916.636.6471 f

Subject: Local Notification - Mondelēz Global LLC Recall

Good morning,

Mondelēz Global LLC, an East Hanover, NJ establishment, is recalling Certain Ritz Cracker Sandwiches and Ritz Bits product due to possible *Salmonella* contamination.

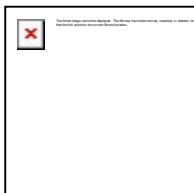

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please see attached product list and visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/July2018/fdbFrMON5n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,

Mary

Mary Buan | Food Recall Coordinator, Food and Drug Branch | California Department of Public Health | 916.650.6607 p | 916.636.6471 f

Subject: Kellogg Company - Local Notification

Good afternoon,

Kellogg Company, a Battle Creek, MI establishment, is recalling Kellogg's® Honey Smacks® Cereal due to possible *Salmonella* contamination.

Product Identification	Affected Dates
<u>Honey Smacks Cereal</u> • Size: 23 oz • UPC Code: 3800014810 <u>Honey Smacks Cereal</u> (with limited distribution outside the U.S.) • Size: 15.3 oz • UPC Code: 3800039103	BEST if Used By Date: JUN 14, 2018 through JUN 14, 2019

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June2018/fdbFrKCO5n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: Kellogg Company - Local Notification

Good afternoon,

Kellogg Company, a Battle Creek, MI establishment, is recalling Kellogg's® Honey Smacks® Cereal due to possible *Salmonella* contamination.

Product Identification	Affected Dates
<u>Honey Smacks Cereal</u> • Size: 23 oz • UPC Code: 3800014810 <u>Honey Smacks Cereal</u> (with limited distribution outside the U.S.) • Size: 15.3 oz • UPC Code: 3800039103	BEST if Used By Date: JUN 14, 2018 through JUN 14, 2019

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June2018/fdbFrKCO5n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Thank you,
Mary

Subject: Overhill Farms, Inc. - Local Notification

Good morning,

Overhill Farms, Inc., a Vernon, CA establishment, is recalling approximately 54,630 pounds of chicken bites products due to possible foreign matter contamination - bone.

Attached is the **final** list of retailers identified as receiving the recalled products. For additional information, please see attached product list and visit <https://www.cdph.ca.gov/Programs/CEH/DFDCS/CDPH%20Document%20Library/FDB/FoodSafetyProgram/FoodRecalls/June2017/fdbFrOF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: The SoyNut Butter Co. - Local Notification

Good afternoon,

The SoyNut Butter Co., a Glenview, IL establishment, is expanding its recall of I.M. Healthy Soynut Butters, I.M. Healthy Granola, Dixie Diner's Club Carb Not Beanit Butter due to possible *E. coli* contamination.

Attached is an **updated** list of retailers (updates in gray shading) identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY4n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: The SoyNut Butter Co. - Local Notification

Good afternoon,

The SoyNut Butter Co., a Glenview, IL establishment, is expanding its recall of I.M. Healthy Soynut Butters, I.M. Healthy Granola, Dixie Diner's Club Carb Not Beanit Butter due to possible *E. coli* contamination.

Attached is an **updated** list of retailers (updates in gray shading) identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY4n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Local Notification - The SoyNut Butter Co. - preliminary distribution list attached

Good afternoon,

The SoyNut Butter Company, a Glenview, IL establishment, is recalling two "best by" dates of I.M. Healthy Original Creamy SoyNut Butter due to possible *E. coli* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY1n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: Local Notification - The SoyNut Butter Co. - preliminary distribution list attached

Good afternoon,

The SoyNut Butter Company, a Glenview, IL establishment, is recalling two "best by" dates of I.M. Healthy Original Creamy SoyNut Butter due to possible *E. coli* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY1n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: Local Notification - The SoyNut Butter Co. - preliminary distribution list attached

Good afternoon,

The SoyNut Butter Company, a Glenview, IL establishment, is recalling two "best by" dates of I.M. Healthy Original Creamy SoyNut Butter due to possible *E. coli* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit
<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY1n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Michael D. Needham MPH
 Chief, Emergency Response Unit
 California Department of Public Health
 Food and Drug Branch
 916-650-6705
 916-440-5451 - fax
michael.needham@cdph.ca.gov

Olney, Ryan

Subject: Local Notification - The SoyNut Butter Co. - preliminary distribution list attached

Good afternoon,

The SoyNut Butter Company, a Glenview, IL establishment, is recalling two "best by" dates of I.M. Healthy Original Creamy SoyNut Butter due to possible *E. coli* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit
<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSOY1n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Subject: Ready Pac Foods Inc. - Local Notification

Good afternoon,

Ready Pac Foods, Inc., an Irwindale, CA establishment, is recalling the "Ready Pac Foods Puro Picante Blazin Hot" due to possible *Listeria* contamination.

Product identification:

Product Name: "Ready Pac Foods Puro Picante Blazin Hot"

Size/Packaging: 7.5-oz. single serve salad bowl packages

Establishment number: P-27497, P-32081, or P-18502B inside the USDA mark of inspection

Attached is a preliminary list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrRPF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Ready Pac Foods Inc. - Local Notification

Good afternoon,

Ready Pac Foods, Inc., an Irwindale, CA establishment, is recalling the "Ready Pac Foods Puro Picante Blazin Hot" due to possible *Listeria* contamination.

Product identification:

Product Name: "Ready Pac Foods Puro Picante Blazin Hot"

Size/Packaging: 7.5-oz. single serve salad bowl packages

Establishment number: P-27497, P-32081, or P-18502B inside the USDA mark of inspection

Attached is a preliminary list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrRPF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Ready Pac Foods Inc. - Local Notification

Good afternoon,

Ready Pac Foods, Inc., an Irwindale, CA establishment, is recalling the "Ready Pac Foods Puro Picante Blazin Hot" due to possible *Listeria* contamination.

Product identification:

Product Name: "Ready Pac Foods Puro Picante Blazin Hot"

Size/Packaging: 7.5-oz. single serve salad bowl packages

Establishment number: P-27497, P-32081, or P-18502B inside the USDA mark of inspection

Attached is a preliminary list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrRPF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Ready Pac Foods Inc. - Local Notification

Good afternoon,

Ready Pac Foods, Inc., an Irwindale, CA establishment, is recalling the "Ready Pac Foods Puro Picante Blazin Hot" due to possible *Listeria* contamination.

Product identification:

Product Name: "Ready Pac Foods Puro Picante Blazin Hot"

Size/Packaging: 7.5-oz. single serve salad bowl packages

Establishment number: P-27497, P-32081, or P-18502B inside the USDA mark of inspection

Attached is a preliminary list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrRPF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Ready Pac Foods Inc. - Local Notification

Good afternoon,

Ready Pac Foods, Inc., an Irwindale, CA establishment, is recalling the "Ready Pac Foods Puro Picante Blazin Hot" due to possible *Listeria* contamination.

Product identification:

Product Name: "Ready Pac Foods Puro Picante Blazin Hot"

Size/Packaging: 7.5-oz. single serve salad bowl packages

Establishment number: P-27497, P-32081, or P-18502B inside the USDA mark of inspection

Attached is a preliminary list of retailers identified as receiving the recalled product. For additional information, please see attached product list and visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrRPF2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Good morning Richard,

While you are in the office today, could you please handle these recall checks. Not sure how many of our facilities may be affected.

Also, I got a call from fleet saying Chavez's truck is ready, 05-373. Could you pick it up when you drop off your vehicle.

Thank you,

Ralph Fregoso,

Subject: Taylor Farms - Local Notification

Good afternoon,

Taylor Farms, a Salinas, CA establishment, is recalling chicken salad products due to possible *Listeria* contamination.

Product information:

Establishment number: M/P-34013 or M/P-34733 inside the USDA mark of inspection

- "Signature Cafe Southwest Chicken Premade Salad" - 10.5 oz. plastic trays
- "Signature Café Southwest Style Salad with Chicken" - 10.5 oz. plastic trays

Attached is the **final** list of retailers identified as receiving the recalled product. For additional information, please visit

<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrTAY2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Taylor Farms - Local Notification

Good afternoon,

Taylor Farms, a Salinas, CA establishment, is recalling chicken salad products due to possible *Listeria* contamination.

Product information:

Establishment number: M/P-34013 or M/P-34733 inside the USDA mark of inspection

- "Signature Cafe Southwest Chicken Premade Salad" - 10.5 oz. plastic trays
- "Signature Café Southwest Style Salad with Chicken" - 10.5 oz. plastic trays

Attached is the **final** list of retailers identified as receiving the recalled product. For additional information, please visit

<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrTAY2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Taylor Farms - Local Notification

Good afternoon,

Taylor Farms, a Salinas, CA establishment, is recalling chicken salad products due to possible *Listeria* contamination.

Product information:

Establishment number: M/P-34013 or M/P-34733 inside the USDA mark of inspection

- "Signature Cafe Southwest Chicken Premade Salad" - 10.5 oz. plastic trays
- "Signature Café Southwest Style Salad with Chicken" - 10.5 oz. plastic trays

Attached is the **final** list of retailers identified as receiving the recalled product. For additional information, please visit

<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrTAY2n.pdf>

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: LOCAL NOTIFICATION - SABRA DIPPING CO

Good afternoon,

Sabra Dipping Company, a Colonial Heights, Virginia establishment is recalling certain hummus products made prior to November 8, 2016 due to possible *Listeria monocytogenes*.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSDC2n.pdf>

Attached is a product list.

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: LOCAL NOTIFICATION - SABRA DIPPING CO

Good afternoon,

Sabra Dipping Company, a Colonial Heights, Virginia establishment is recalling certain hummus products made prior to November 8, 2016 due to possible *Listeria monocytogenes*.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrSDC2n.pdf>

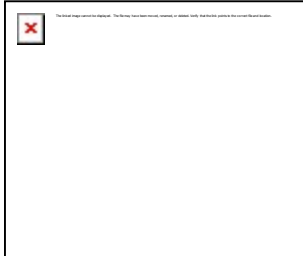

Attached is a product list.

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: LOCAL NOTIFICATION - PRIME TIME INTERNATIONAL

Good afternoon,

Prime Time International, a Coachella, California establishment is recalling cucumbers (product of Mexico) because of possible *Salmonella* contamination.

Attached is a **preliminary** list of retailers identified as receiving the recalled products. For additional information, please visit

<http://www.cdph.ca.gov/pubsforms/Documents/fdbFrPRIM1n.pdf>

Also attached is a product label.

Product Info:

Prime Time International Fresh Cucumbers

Lot #: 1-2885

Item: 1472554

Sticker: 280

Stamp: Agricola Maui

If you choose to conduct any recall effectiveness checks within your jurisdiction, we would appreciate receiving any feedback you might offer regarding the effectiveness of the recall.

Sincerely,

Amber Barnes

Subject: Pre-packaged food Facility
Attachments: Food item list (LA) 020618.xlsx; cdph8610.pdf

Hi Kelly,

We have a site which will be storing the attached list of food items in Mira Loma, CA with a go live date in June, 2018. We have contacted the California Health and Human Services Agency who provided the attached Processed food registration application and instructed us to complete and submit with fees after I explained the business process to them.

Upon research specific to handling of packaged food in Riverside County, it was discovered we also may need a construction permit to have the site retro-fitted to handle packaged food items. The attached food items will arrive in packaged boxes which we will unpack, put away then later pick, pack and ship. Our company, CEVA Logistics is a freight forwarder we do not actually sell to the public but we'll be shipping these packaged items to our customer who is a retailer. We will be receiving, storing and shipping the freight outside of 7 days so we do not meet the exemption requirements for a processed food registration.

We are unclear on whether or not we'll need a construction permit or not since this site is in Riverside County.

- **Requirements**
 - For the construct permit, CEVA will have to be compliant as per the pre-packaged food facility requirements.
- **Costs:**
 - Construction permit: could not find information about the cost related to this one.

Subject: FW: Pre-packaged food Facility

Hi Kathleen,

I received your info from Ralph Fregoso, you have some questions regarding plan check fees? I can help you with that, our fees are based on square footage of the facility and type of quantity of food product you will sell at **retail**. You also mentioned about a PFR.... This is generally for wholesale operations. If you could, give me more information on the type of operation.....What type of facility are you planning to have? How much food? Wholesale or retail? Let me know and I can help you get the information you need.

Thank you,

Kelly Amon

Subject: Pre-packaged food Facility

Hi Ralph,

I am looking for fee information related to the construction approval process for an existing structure in Mira Loma, regarding adding pre-packaged food to an existing location we have.

To my understanding once we get the approval, and pass inspection, the location would also require a PFR? Any information you can provide, or direction as to where to find this information would be extremely helpful, as we are trying to add business to this location.

Kind regards,

Kathleen Idland
